Hedley man loses cash to Customs and RCMP

On May 23, Canada Customs officials at the Paterson Port of entry, near Rossland, seized over \$300,000 from a 42 year old Hedley man. Although Rossland RCMP would not release the name of the man, they held a press conference on June 5 where they showed the press the money. The American money, mostly \$20 bills, were sealed in six individually wrapped packages. The packages had been located in the man's vehicle as he drove from the United States into Canada Customs border inspection facility. Rossland police believe the money is from the sale of illegal drugs. They are working with the Integrated Proceeds of Crime Unit of Vancouver, and the investigation is continuing.

Keremeos Health Centre opens

After months of eager anticipation, South Similkameen Health Centre officially opened on June 9, and residents began moving in on June 11. Staff spent last week in orientation for operation of the new facility.

This outstanding structure provides a wide range of health services for the people of Keremeos and area. There is a diagnostic and treatment centre as well as home care services, public health and 25 residential heds under one roof.

The Health Centre is the result of a partnership between local residents, Okanagan-Similkameen Regional Hospital District, Okanagan Similkameen Health Region and the Ministry of Health. More than 10 years ago, a group of area residents, led by Walter Despot, received support from Regional District and the Village of Keremeos to plan this kind of health centre.

Good news for hospital

A serious motor vehicle accident brought two ambulances and Highway Rescue to this scene on the Princeton-Summerland Road on Saturday afternoon. Three people were hospitalized. Above, people passing by assist a female passenger thrown from the car after it skidded in gravel, crossed the center line and hit a tree and fence. Highway Rescue crew worked to extricate the male driver and second female passenger from the wreck. The driver was airlifted to Kelowna hospital. The women were taken to Princeton General and one was later moved to Kelowna due to hip injuries and the other was transferred to Kamloops hospital. Witnesses say the car was travelling at high speed. RCMP believe alcohol was involved and continue to investigate. They appreciated the assistance of passersby, particularly Geri Swanson, who took over traffic control on the highway.

Here is the new Liberal government structure

The new Liberal government of different ministers. British Columbia has added 21 ministries and seven Ministers of State. The Ministers of State are responsible for intergovernmental relations, early childhood developderegulation, mental health, intermediate, long term and home care, treaty negotiations, and women's equality.

All health services are integrated under the Ministry of Health Services, and health planning is a separate ministry responsible for long term planning for health services. In total, health issues will be handled by four

Three different ministers will seven new portfolios. There are attend to education matters. Two ministers are responsible for aboriginal issues.

The new Ministry of Competition, Science and Enterprise will pull together government proment, community charter, grams dedicated to building a more competitive business climate, particularly in the key industries of technology, science and tourism. This ministry is responsible for eliminating all taxpayer-funded subsidies to business.

> The Minister of State for Deregulation will review regulations across tions across government ministries to identify and eliminate

Vermilion Trails elects of directors

Vermilion Trails Society has a new slate of Directors for 2001. Jim Manion is Chair, with Shawna Jorgenson as Secretary and Jim Stolth as Treasurer. Other Directors are John Byatt, Bob Coyne and Chris Hassell.

The Directors are applying for a grant to start work in the downtown core area of Trans Canada Trail.

Vermilion Trails Society has asked Town Council to pursue having a proper trail under the new bridge on Highway 3, connecting two sections of the trail on either side of the highway. To date, there is no commitment from the Ministry of Transporta-tion and Highways to construct an underpass.

- despite labour problems, PGH moves ahead

Good news is rare at Princeton General Hospital, so Marilyn Harkness, Health Administrator, was pleased to tell the News Leader there are nurses coming to Princeton

Nurse Manager Jan Novalglia will begin work on June 25. She has worked as a Clinical Educator for B.C. Women's Health Centre in Vancouver. Her job is to help coordinate the nursing department for both the hospital and Ridgewood Lodge, continued on page 2.....

Police need more evidence

The early morning hours of June 7 kept Princeton RCMP busy following crime reports.

On June 7, at 3:00 a.m., Princeton RCMP responded to a break and enter at Billy's Restaurant. A passerby reported the side door window smashed. Nothing was missing from the premises.

At 3:46 the same morning, while the RCMP member was still at Billy's, a call was received regarding an alarm at Fields Store on Bridge Street. The member responded immediately and found a large crack in the front door but the door was still locked. Further investigation showed entry was gained through the rear of the store. A search of the premises determined that possibly a couple of black carry bags were taken and possibly filled with clothing. A third bag was found left on the floor of the store filled with miscellaneous men's clothing items as well as several pieces of junk food left on the floor by the rear

A little later that morning, at 5:00 a.m., an East Princeton man discovered his 81 Harley Davidson had been taken from his backyard overnight. The bike may have been taken away on the back of another vehicle. The bike has red flames on the tank and other visible markings.

Princeton RCMP say they have an idea who has committed break-ins, but need more information to arrest suspects. Princeton Detachment says the break-in rate during the past few months has been "extremely high." They ask the public to help apprehend the crooks. Anyone having information about these crimes is asked to call 295-6911 or CrimeStoppers.

all information, planning and approval processes related to land use decisions. The new government states it is committed to "ensuring the strongest environmental protection while delivering a fair, efficient process for land-use approvals." The integrated process for land-use decisions is meant to help strengthen investment and job creation while ensuring strong environmental protection.

The new government structure appears much more complex and the public can expect a period of adjustment as the new ministers assume their responsibilities. For clarification on specific questions, consult your government

Good news for hospital

continued from front

and to set up policies and procedures.

"I think she'll be a real asset," Harkness said.

Two new nurses will be starting work in July. They are Peter and Rachel Donohoe, both Registered Nurses, who are moving here with their four children. Peter will be working as a fulltime "float" who fills in for vacation and sick time. Rachel will be working as a casual, and Harkness is hoping Rachel will accept a part-time position in the

Harkness says finding the nurses was a combined effort of the community and Okanagan Similkameen Health Region's human resources department. Donohoes talked to Ken Heuser about the school district and to a member of the nursing staff about the hospital.

"It was a good effort on everybody's part," Harkness said.

Novalglia and the Donohoes will receive a warm welcome from nursing staff at Princeton General, where they will finally have some relief staff.

In Keremeos, the new health facility still requires Registered Nurses.

"We have enough staff to open," Harkness stated, "but it will be very tight if anybody gets sick."

She is hoping Keremeos residents will encourage nurses to move there.

Sears hit again

Just before 1:00 a.m. on Friday, June 8, Princeton RCMP responded to an alarm at the local Sears located on Bridge Street, The front window had been broken. This is the second incident at Sears in less than a month. RCMP would like information. Call 295-6911 or CrimeStoppers:

Valley First, Armstrong endorse merger

Members of Valley First Credit Union and Armstrong Spallumcheen Savings and Credit Union have voted in favour of amalgamating. The merger is effective July 1, 2001, under the name Valley First Credit Union.

The special resolution, which required a separate two-thirds majority vote by each of its three classes of shareholders, received overwhelming support. Valley First members voted 97 percent in favour of amalgamation while Class B shareholders of Valley First voted 98 percent in favour and Class C shareholders of Valley First voted 95 percent in favour. Armstrong members voted 80 percent in favour.

The amalgamation will create the largest credit union in the valley with 13 branches throughout the valley.

In a joint statement, Kevin Campbell, Chair of Armstrong, and Liz. Goodison, Chair of Valley First, said, "The response from members has been extremely positive overall and their support and approval of the amalgamation assures that all the needs of the new credit union and the communities it serves will continue to be met today and in the future. As a combined organization, we will be better able to compete in the marketplace and respond to the changing needs of our members. At the same time, we will have better resources at our disposal to invest in technol-

Foursquare celebrates anniversary

ogy and staff training for the

On Saturday and Sunday, members and friends of Living Water Foursquare Gospel Church enjoyed a celebration of the tenth anniversary of the founding of the church in Princeton. On Saturday afternoon, the church welcomed everyone to Open House, where former members toured the new premises and looked at a display of photos of the history of the church. Following Open House, they attended a barbeque in the park at the back of Pastor Bob and Glenda Stewart's home, then returned to the church for a praise, worship and testimony service.

Sunday morning began with coffee and fellowship, followed by a morning worship service and a luncheon. It was a great weekend of visits and thankfulness.

A sure sign of summer – hanging flower baskets downtown.

The supplier was out there early Saturday morning at the corner of Bridge Street and Fenchurch in Princeton.

Council backs off 'no dogs' decision

"No dogs downtown" brought complaints to Councillor Keith Olsen in his place of business, and he did not hesitate to tell Princeton Town Council about it at the June 4 Council meeting. Olsen said veterinarians are concerned because people could be fined for taking their dogs to the veterinarian, and parking and access are not easy to find. People had pointed out to Olsen that tourism would be affected, especially if Council put up signs telling tourists with pets that dogs are not welcome in Princeton.

Olsen pointed out there is a twodog per residence limit, and people had suggested the number of dogs being walked should be limited to one dog per person, and there should be a "pooper scooper" law in place. He added another recommendation that no dogs should be allowed in parks and playgrounds. He made a motion including all of these recommendations, but other Council members would not second it, so the motion died.

Mayor Randy McLean said, "There are two sides of this coin. We are facing a problem. Rules and regulations are being made for those few who choose not to behave in a civilized manner."

He added that tourists could be put off by seeing feces on the sidewalk.

"We have a dilemma," he said.

Mayor McLean added his view that tourists may be concerned about meeting dogs on a leash.

Councillor Dan Sulentich said he had received some favourable

comments, but noted "it's not a bylaw yet."

He wanted Council to wait until all members of Council could discuss this matter together and make recommendations.

The matter is tabled pending Council's further discussions.

FINANCIAL FOCUS

Is there any way to protect myself from a market drop?

No one can totally insulate himself from the effects of stock market drop. However, there are some things you can do minimize the effects.

First, divide your investment dollars among different types of investment -- stocks, bonds, mutual funds and so forth. If any one of your investments falls in value, you'll have other investments to fall back on.

Diversify globally. International markets offer a great deal of opportunity. They've lagged behind the U.S. market in five of the past seven years. This is unusual because many foreign economies typically outpace the U.S. economy. If you are considering investing globally, consider mutual funds. Many mutual fund managers are seasoned foreign investors with long histories of successful money management.

Buy quality stocks that pay attractive dividends. Do your homework and find out which companies have consistently paid attractive dividends. Regular dividend cheques can soften the blow of a downturn in the market.

Most importantly, invest for the long term. history has shown that those who invest for the long term reap the greatest benefits from investing in the stock market.

FINANCIAL FOCUS is a presentation of:

Roger Mayer, Master of Ceremonies (right) announces the names of two ladies who cut the ribbon at the grand opening of South Similkameen Health Centre. Far left, representing youth, is Amy Khosa, with Viola Manery, representing early settlers of the Keremeos/Cawston area.

The Grand Opening continued from front page

The cost of construction and equipment for the new facility is approximately \$6.5 million, jointly funded by the Ministry of Health and Okanagan Regional Hospital District. It was built well within the original \$7 million budget. The annual operating budget is \$2.77 million, funded by Okanagan Similkameen Health Region.

South Okanagan Similkameen Hospital Foundation committed to raising \$650,000 for the project, and so far, the community has donated and pledged more than \$688,959 toward the cost of the facility. The community effort to

build the new Health Centre was spearheaded by Walter Despot, with the assistance of Regional Director Roger Mayer and many others who dedicated long hours to the project. Their determination, along with the assistance of Okanagan Similkameen Regional Hospital District, the Ministry of Health and Okanagan Similkameen Health Region has provided the vision for the formation of the centre.

The grand opening was outstanding, with a long list of dignitaries to congratulate Keremeos residents for their persistence and commitment to the project. Mayor Robin Lee said South Similkameen Health Centre is a prototype for small communities and will employ 22 to 24 people. Stockwell Day, local MP, did not attend but sent a letter of congratulations saying the centre is "a great step forward in keeping health professionals in a rural community."

Senator Ross Fitzpatrick, who lived in Keremeos as a youth, commended residents for fundraising, and his message was that such centres are "health care facilities that work for rural Canadians."

MLA Bill Barisoff brought a message from Minister of Health Services Colin Hansen and Health Planning Minister Sindi Hawkins, and added, "This is truly a fabulous facility."

Dixon Terbasket, on behalf of the Lower Similkameen Indian Band, said how important the centre is to the Band because elders will be returned to their community where they can be visited on a daily basis.

Joe Cardoso, from Okanagan Similkameen Hospital District, brought congratulations for a shared project, and Ellen McRae, Chair of OSHR, added her congratulations and commented, "Rural communities are the continued on page 24........

A big crowd, standing room only, gathered in the courtyard of the new South Similkameen Health Centre for the ribbon cutting.

The new Arts Council Board of Directors, left to right, standing: Directors John Sandness and Rodger Stanley, Vice-Chair Joseph Dubé, Chair Ross Chaston, Directors Maggie Dean and Don Coyle. Scated: Director Norma Kraetor, Secretary Debbie Thomas and Treasurer Val Kjarsgaard.

Arts Council starts new year

Princeton and District Arts Council welcomed a new executive elected at the June 5 annual general meeting held at the Cultural Centre.

Councillor Keith Olsen conducted the election of the Board of Directors. Balloting was required when Joseph Dubé and Ross Chaston ran for the position of Chair, and Chaston won by two votes. Dubé let his name stand for Vice-Chair and was unopposed. Balloting was again required when Rodger Stanley and Val Kjarsgaard stood for the position of Treasurer, Kjarsgaard won by one vote, and Stanley

later became a Director. Debbie Thomas remains as Secretary, unopposed. The remaining Directors are Maggie Dean, Norma Kraetor, John Sandness and Don Coyle.

Reports indicated all is well with Vermilion Artists, the Writers Group, the Garden Club, Tai Chi and the Museum Society.

Monty Raine told the Arts Council the writers have a book in process and plan to run a junior writing contest.

The Garden Club plant sale went well. The club is planning a contest for the best garden. It is open to all members.

Princeton Secondary School rewards outstanding student athletes

Top school athletes were recognized last week at Princeton Secondary, The fourth annual Athletics Awards Banquet took place on June 6 in the school gym with plenty of students and parents (and a few grandparents) in attendance.

After a spaghetti dinner, Athletic Director Mike Bertram began the awards presentations by noting there were 103 students, or 35 percent of the student body, who were involved in the athletics program during the past school

He gave credit to the coaches and encouraged parents to thank the coaches. Coaching certificates of appreciation were given to Cobus Erasmus, Scott Witt, Candice Low, Falon Laroye, Carol Skinner, Wah Fee Low, and Lori Dodds.

Dedication certificates were handed out to many students and adults who helped the athletic program in some way, such as being a driver or chaperone, scorekeeping, or helping set up and take down equipment.

Elementary student questions Town Council

Cassy Morin attended the June 4 meeting of Princeton Town Council to ask questions about the skateboard park. She is a Grade 5 student at John Allison Elementary School, and attended as part of lessons on government.

Morin's first question was "What is the status of the skateboard park?"

Councillor Dan Sulentich responded, saying the "kids" had raised approximately \$7,000 toward the \$30,000 cost of constructing the park.

"If they raise \$15,000, Council

kicks in the rest," Sulentich told her, adding the youth have applied for a grant from Vancouver Foundation.

Morin asked, "What is Council's involvement in the skateboard

Sulentich told her, "Council will" match dollar for dollar and is donating the land."

Mayor Randy McLean thanked Morin for attending and said she would be welcome to attend any time, as the public is always

USIB starts work on Mascot

by Patty Harrower

The Upper Similkameen Archaeological Team will begin restoration work on the Mascot Mine at Hedley next week. Starting with stabilization of the cook shack which is currently leaning forward, the team will perform general maintenance and repair of the buildings.

Funding for the project is an ongoing concern. There have been discussions with Homestake Corporation (the owners of Nickel Plate Mine), and BC Real Estate Foundation. Literature has been sent to many other foundations in the hope of generating funds. The USIB is also looking to Human Resource Development Canada (HRDC) for the possibility of funding for employment of four more persons, raising the number of workers on the project from three to seven. The project is anticipated to run for three

Once the restoration is complete, Hedley Mascot Mine will become a select tourist destination offering guided access to the site. Band Manager Philippe Batini says, "It will be the biggest attraction in the valley." Visitors will be able to enjoy a five minute helicopter trip to the top of the mountain, or a 45 minute truck ride up Hedley-Nickel Plate Road. A stairway will be in place to access the buildings situated partway down the mountain. Access will be restricted. Visitors will be asked not to drive to the top of the mountain themselves. The road is narrow and steep, and can be dangerous for RV's and motor homes.

NO EARLY BIRDS, PLEASE!

The difference between open fires, backyard burning and campfires

Last week, we stated there were to be no campfires below 1400 metres elevation. In fact, there are to be no open fires, and there is a distinction between the two kinds of fires.

Open fires or backyard burning, Category 1:

Open fires and backyard burning are for disposal of waste materials and must not exceed 2 metres in height (6 feet 6 inches) and must be no more than 3 metres in diameter (9 feet 9 inches).

The soil around such a fire must be cleared of all leaves, twigs and other flammable material for an area extending at least one metre (3 feet) in all directions from the fire. You must scrape or dig down to

Dollar match lasts all year

Until the end of 2001. Princeton's Overwaitea Food Store will continue to match a dollar for every 1,000 bonus points redeemed at the store for the Hospital Foundation. Here is how it works: when a customer has 1,000 bonus points, the customer can redeem the points for a dollar donated to the Princeton General Hospital and Ridgewood Lodge Foundation. Then, Overwaitea matches that dollar with a dollar donation, making a total of two dollars to the Foundation for every 1,000 bonus points redeemed. The customer, when redeeming the points, must say it is for the Foundation.

mineral soil.

The distance from this fire to any slash, snag, standing tree or wooden structure must be at least twice the diameter of the waste material or width of the waste material, whichever is greater, but never less than two metres.

At least one adult person must be on the burn site and must actively patrol to prevent fire escaping. The person must be equipped with a round nose shovel, axe or pulaski and a pail containing at least 18 litres of water or an equivalent means of delivering 18 litres of water (such as a hose or tank).

No more than two accumulations may be ignited at one time. The accumulations must not be more than 50 metres apart. One of them must be extinguished before another accumulation is ignited.

Small open fire for grass or stubble, Category 2:

When burning grass or stubble where the area to be burned is less than 0.2 hectares in size (2000 square metres), a fuel break must be established around the burn area to prevent the fire from escaping. A fuel break is an existing barrier or change in fuel type or condition or a strip of land that has been modified or cleared to act as a buffer to prevent fire spread.

There must be at least two adult persons at the burn area who actively patrol to prevent the fire from escaping. They must be equipped with round nose shovels, and axe or pulaski, and a means to deliver 400 litres of water to any place on the burn area in a manner which is appropriate to fire fighting. Only one burn area may be

ignited or burning at any one time, and the fire on a burn area must be extinguished before another burn area is ignited.

Campfires:

(fires for cooking, warmth and ceremonial purposes)

Careless use of campfires is one of the leading causes of forest fires. Pires for cooking, warmth and ceremonial purposes must comply with the simple requirements of the Forest Fire Prevention and Suppression Regulation as described in this brochure.

Fires should not be lit or allowed to continue to burn when the wind is strong enough to cause sparks to be carried to other combustible material or when a notice banning or restricting the use of campfires is in effect.

Building your campfire:

Select your campsite carefully and with full regard for safety. Prepare your campfire by removing all leaves, twigs and other flammable material from an area extending at least 30 centimetres around the fire. Be sure to scrape or dig down to mineral soil. Build your campfire at least three metres from any log, stump, snag, standing tree or wooden structure.

The size of the campfire must not exceed one metre in height and one metre in diameter. The best cooking fire is small and hot.

Equip yourself with a shovel or pail of water containing at least 8 litres. These must be kept near the fire at all times.

Attend to your campfire at all times and be certain it is extinguished before leaving it. Sift the ashes with your fingers to be sure.

Grasslands Interpretive Centre honours Guichon

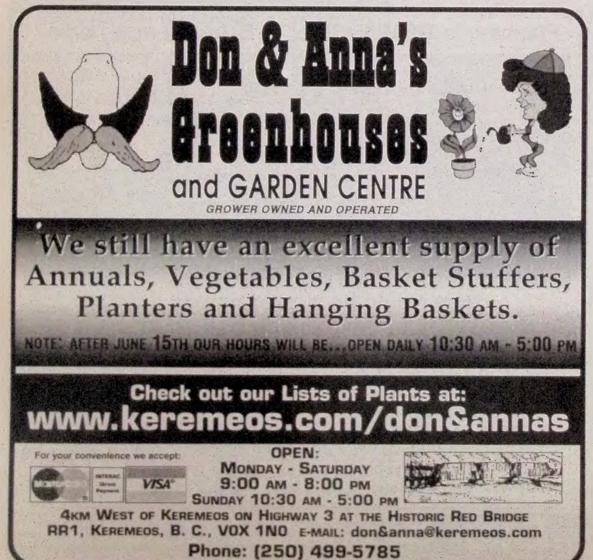

Members of Nicola Watershed Community Round Table, are spearheading construction of the Laurie Guichon Grasslands Interpretive Site to be opened at the end of July or in early August. The site is located 11 km. south of Merritt on Lundbom Road (before the brake check above Hamilton Hill).

The Grasslands Interpretive Site is a memorial to Laurie Guichon, who died last year in an air mishap. Grasslands is an appropriate memorial for Guichon, as his family were ranchers in the Nicola Valley since the 1800's and Laurie Guichon was keenly interested in the grasslands and forests of the area. He served on a number of public advisory committees dealing with land use, forest resources and environmental protection.

Funding for the project has come from donations from the Beef Cattle Industry Development Fund (\$11,325), BC Hydro (\$3,000), BC Wildlife Federation (%6,500), Nicola Valley Institute of Technology (\$1,500), and Sunrise Rotary Club (\$1,500), as well as small private donations. Anyone wishing to make a donation can send it to the Site Fund, Box 400, Merritt, B.C. V1K 1B8. Current funding covers only Phase I of the project.

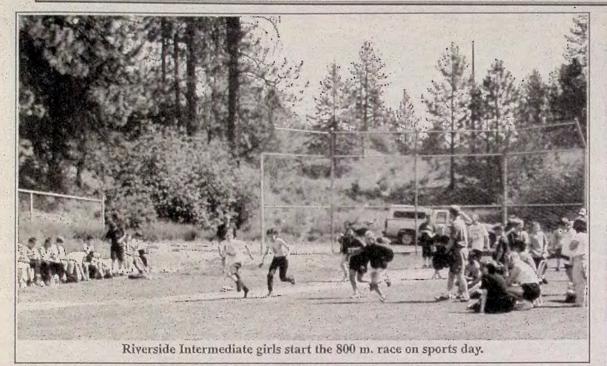

The Laurie Guichon Grasslands Interpretive Site is an added attraction to Merritt Forest District and to all of the grasslands communities in the B.C. Interior. It is educational, and will help people understand the value of the grasslands as well as the relationship between grasslands, ranching and forests. In many ways, the site is tribute to all of the ranching community.

The date of the Grand Opening of the site will be announced in July and invitations will be sent at that time.

Call Princeton Rentals 295-6545 OR 1-800-253-0233 Cell # 295-8488 watch. Although some of the events were standard track and field events, others were meant for fun, such as the sack race, pillow case race, and clothes race. A clothes race goes like this: put on clothes, run, balancing a ping pong ball on a spoon, put the ball in the bin, collect another ball and run back to start, remove clothes so the next player can put them on.

Students did well with both the long races and the fun events. There was a 100 metre dash, a 400 metre and 800 metre distance run, and a shuttle relay.

The fun events were challenging. For example, the Oven Mitt Candy Wrap required the runner to put on oven mitts, run to the end of the field to pick up a piece of candy, then unwrap the candy while wearing the oven mitts! When the candy was unwrapped, the racer could run back to a team mate and hand off the oven mitts to the next runner.

Students had a lot of fun as well as a day filled with exercise on their playing field.

Vermilion Forks Field Naturalists hiked in two directions last weekend - one involved a strenuous hike up past Placer Lake to the top of Flattop Mountain, the other a more leisurely stroll through the meadows and forests up Polecutter Road, investigating birds and flowers, and anything else in the

The group of seven mountaineers set off up the road to Placer Lake early on Sunday, June 3, under a cool, overcast sky which made us glad we had survival gear in our packs. We noticed Grouseberry flowering and the remains of Old Man's Whiskers from last year. The lake was beautiful, looking rather mystical, with low clouds hanging around its edges. Ascending through the forest, we encountered patches of knee-deep snow. Portunately, a few of us had the foresight to bring gaiters, and those who had not were able to step in the footprints of those who had. On the edges of the snow, there were white Globeflowers, with glowing yellow centers and white Marsh Marigold, with greenish centers. Higher up were yellow Glacier Lilies braving the very edge of the drifts. A couple of Gray Jays

followed us in the hope of a few crumbs.

Higher yet, we emerged from the forest into beautiful alpine meadows, where we discovered a Blue Grouse drumming. The big green fronds of Indian Hellebore were sprouting and Spring Beauty was blooming. As we trudged along the ridge, the sky cleared and our efforts were rewarded with magnificent views of Trapper and Tuning Fork lakes, and the snowcovered peaks of the Cathedral and Cascade Ranges. We had lunch in a warm, sunny patch, surrounded by gorgeous spreading Phlox. Then we pushed on to the summit of Flattop Mountain (7430 feet) where we felt truly close to the angels.

We descended much faster than we had ascended, and on the way we noticed a patch of Freckle Pelt Leaf Lichen, bright green on top and pale grey below. Near the cars, we found a nice show of brilliant Scarlet Gilia, This hike left one with the feeling that, if there is a heaven on earth, we had just experienced it. We thanked Doug Rebagliati, who led the hike with great vigour and skill. The hike up Polecutter Road on

Monday was much less strenuous and was broken by numerous opportunities to stop, look and listen. Polecutter Road branches off the Sterling Creek Road, and skirts Pettigrew Creek, through open meadows which are now ablaze with Balsamroot (sunflowers), mixed with orange-red Indian Paint Brush, purple Lupines, and blue Larkspur just coming into bloom. There were also a few Death Camas, some beautiful clumps of Threadleafed Sandwort, purple Violets and Lemonweed. The group rambled through the sunflowers and down to a small outcrop of rock named Jed's Leap, from which we had a splendid view of the valley, clear up to the microwave signal station on top of Stwel Peken Mountain. This is a name which originates with the First Nations people and I have not been able to find out what it means - perhaps someone can

The group then strolled down the road and up an old mining trail to a meadow and a clearcut, where cattle were grazing. As we ate lunch beside a pond, an old range bull emerged into the clearing and lumbered toward us, bellowing as he came. He walked by about 20 feet from where we were sitting, without turning his head, and stopped at the pond, where he drank heavily. As he was approaching us, some of the group looked around for handy trees. There were none, so it was continued on page 12

Ho" (1986, Comedy) Michael
Keaton. American autoworkers
have a hard time accepting new
work ethics when a Japanese car
manufacturer takes over.

CITY 29 * % "An American Werewolf in Paris" (1997, Horror) Tom Everett Scott, An American tourist vacationing in Paris encounters a troubled young woman with a hairy secret. [6]

An unusual child is one who asks questions that his parents can answer

Horoscopes June 12 to 19, 2001

ARIES - A great deal of news comes to you this week, and some of it will surprise or even shock you. World news may happen on your doorstep! Expect a lot of action in your immediate neighbourhood. TAURUS - This week, you will receive good news regarding your financial situation. You will feel more relaxed and happy and maybe creative. Put art, singing and dancing on your agenda.

GEMINI - This ought to be a week you will never forget! You feel full of energy and you may feel quite lusty, too. Some issues are resolved in a surprising manner. You want to travel now.

CANCER - Your mind is very active at the subconscious level now. This week, you may suddenly a a brilliant idea or flash of insight or enlightenment. Looking inward pays dividends this week.

LEO - You could have a happy weekend with a partner if you are both spontaneous. Join a happy group of friends and pretend you're all kids again. Do something different.

VIRGO -You may experience a conflict between home and career this week, or you may have a happy surprise about shared resources, or both. Career matters are a bit chaotic now, but profitable.

LIBRA - You can do well this week if you spend time with a young person and talk seriously about education. Expect surprises in regard to publishing, advertising, sports, and education.

SCORPIO - Money, home, family and shared resources involving real estate and insurance demand your attention this week. Home life is full of surprises. Look for the silver lining in investments.

SAGITTARIUS - A partner or good friend is eager to have fun this week. Things go well on the job and your health is excellent. You have plenty of energy in sudden bursts and your humour is sharp. CAPRICORN - Your job is full of pleasant surprises this week and you may hatch some bright ideas that pay off well. There is plenty of action going on around you and you need to be alert to all news.

AQUARIUS - You may have some good news from your children this week, or you may surprise them with news. If you are looking for a lover, this is the week to find one among a group of friends. PISCES - You may be upset by some news about a family member or

about somebody with whom you work. Don't let it disrupt your life too much, as your career is very demanding now.

Placer Mtn. hike from page 10.....

lucky he was amiable.

June is the time of bird song throughout the forest and meadows. We heard the burbling warble of Warbling Vireos high in the tops of trees, the rasp of Fly Catchers, the mechanical buzz of a Chipping Sparrow, the trill of Yellow-rumped Warblers, and Blackbirds and Brewer's Blackbirds, and from the forest came the plaintive calls of Mountain Chickadees. One small Pacific Tree Frog hopped out of our way, far from any water, the only beast we saw.

Polcecutter Road is easy of access and pleasant for rambling. On a sunny June day, no spot is more attractive.

The next hike is to be on Sunday, June 24, up Jim Kelly's Peak, rated "difficult." Meet at the bus depot at 8:00 a.m. and phone Doug Rebagliati at 295-6778 if you wish to come along.

Did you miss
a NewsLeader? or
did somebody toss
out one you wanted to
keep? Or do you want
an extra to send to a
friend?

We keep back issues for one year, 75 cents

APPRECIATION

On May 28th, 2001, I lost a good friend and neighbour. His name - Gurscharn (Bob) Dhaliwal. His passing was very sudden but he is now at peace. Funeral Services were held in Penticton on June 3rd, 2001. His friends from Weyerhauser accompanied me to Penticton and I speak for all of us when I pass condolences to his family who reside in Surrey and other parts. For those who helped me on that sad Sunday, Rick McIvor, the Ambulance Crew, Dr. Erasmus, the nurses, and RCMP Darren Kakuno and other RCMP, I am grateful...

THANK YOU!

Thank you for all the greetings, flowers and good wishes we received on our 64th wedding anniversary.

Al and Vi Hill.

APPRECIATION

THANK YOU!

The Tulameen Community Club wishes to thank all the wonderful people who baked for our annual bake sale. We would also like to thank all the volunteers who worked so hard, and the purchasers who came out and supported us with their patronage.

IN MEMORIAM

In Loving Memory of David Howarth June 10, 1998

There's a sad but sweet тететвтансе,

There's a memory fond and true; There's a token of my love, dear And a heartache still for you.

Love, Leslie and Jessica

The Merritt Forest District is seeking expressions of interest from individuals to fulfill the role of District Systems Analyst in the Merritt District and Princeton Field offices. This position is responsible for all District and Princeton Field offices. This position is responsible for an District systems operations, including implementing and assisting users with systems applications and LAN technology, systems security and inventory, desktop hardware and software support, problem analysis, troubleshooting, and development of local systems and web page. The position provides training in the operation of systems equipment and software packages to end users and ensures optimum use of technology in the Merritt District and Princeton Field offices.

Interested individuals must contact the District Office at (250)378-8400 to receive an information package prior to June 15, 2001.

PROVINCE OF BRITISH COLUMBIA MINISTRY OF FORESTS

TIMBER SALE LICENCE A66962

Pursuant to Section 20(1) of the Forest Act, a Timber Sale licence is being offered for sale, authorizing the harvest of Mountain Pine beetle infested timber. The advertise ment for this Timber Sale Licence has been shortened in order to address the Mountain Pine beetle prior to flight.

Closing Date: June 22, 2001 District: Merritt Geographic Location: China Creek -Princeton area Volume: 2205 cubic metres, more or less Upset Stumpage Rate: \$32.32/cubic metre

In addition to the payment of the upset and bonus stumpage (if offered), agree to pay a levy of \$5.56 per m', in accordance with The Forest Management Fund Regulation - B.C. Reg. 3/99.

The upset stumpage rate was determined by the Market Pricing System, and is applicable only to coniferous green sawlog grades.

Tenders will only be accepted from individuals at least 19 years of age or corporations registered in British Columbia. Applicants must have at least one year of logging experience or, if a corporation, must have a shareholder or employee who has at least one year logging experience.

- 1. Species: Douglas fir 8%; Lodgepole pine 90%; Spruce 1%; Yellow pine 1%; more or less.
- Billing method: Scale based.
- 3. Logging system: Conventional ground skidding
 4. Logging season: Summer/Fall, there is to be no hauling during the beetle in flight.
 5. Directions/Access: From Princeton Hwy 5A, proceed to China Creek Road, the main block is 8.3 km on the China Creek Road. To access blocks 2 & 3 proceed past the
- main block and turn right at approximately 1.5 km on the China Creek Road.

 This License is part of the 550,000 cubic metre increase in the allowable cut made by the chief forester in the rationale titled "Merritt Timber Supply Area Rationale for allowable annual cut (AAC) uplift determination", signed December 17, 1998 and made effective January 1, 1999. Therefore, in addition to the payment of upset and bonus (if offered) stumpage, the successful applicant must also pay a levy of \$5.56 per m³ in accordance with The Forest Stand Management Fund Regulation -
- 7. This License is restricted to the mountain pine beetle infested stands of Lodgepole pine as permitted in the uplift determination. The licensee will require a Road Permit

Applications will be accepted by the District Manager, Merritt Forest District, Hwy 5A & Airport Road., P.O. Box 4400, Station Main, Merritt, BC, VIK 1B8 until 2:00 p.m. on June 22, 2001.

There is additional material which the applicant must consider in their application. This material, application forms, and other information about the Small Business Program can be obtained from the above Forest District Office. Specify Timber Sale Licence A66962.

Princeton Senior Citizens corner

Hello again to all our happy seniors! This week we are celebrating with the Rebekas who planted some flowers at the local #30 as part of their "Living Legacy Program"

This program is at least ten years old. As their saying goes, "We,re planting something green for he who comes after us!" The ladies present at this celebration were; Joan White, Pam Atlas, Nellie Caronan V. G. Adelle MacDonald, Kathie Clement, Betty Golovin, Dorothy Stenvold, Marion Marsel, Michelle Moore, all lodge members of the Rebekas. The seniors local is not the only place to benefit from this program. The SilverCrest Apartments,

(250) 295-6449

Ridgewood Nursing Home and the town cemetery have all been recipients of this generous contribution issued from this program.

On June 2nd was the last card tournament of this season. First prize went Dorothy Monkman in crib while Helen Galagher took second prize. In Whist, Edith Carlson took first prize while Trixie Bartlett took second prize.

The lunch cost me a whole \$1.00 for two servings. Every participant had brought their favorite recipe. This happens only at the last game of the season. Don't forget the next tournament on the 2nd Saturday of September, namely September 8th! That's all folks!

See you next week! Joseph Dube 295-0195

The paving project on Bridge Street kept everyone busy trying to find where the detours were, but Princeton Esso joined in the paving project on Friday morning to improve the appearance of their self-serve drive-through.

Keremeos residential garbage service resumes

by Patty Harrower

A public meeting was called last week by Village Mayor Lee for the purpose of hearing concerns of Keremeos residents. The meeting was attended by over 250 people, who came in support of the local refuse collector Martin Brady. The Village residents did not see the sense of hiring "outsiders" and wanted Brady back on the job.

Following the meeting, the issues were resolved and Brady is once again picking up residential refuse in Keremeos and Cawston.

Brady has handed over domestic curb-side refuse pickup in Hedley to Simon and Ruth Harris. The Harrises had stepped in to fill the need when service temporarily stopped, and will continue to service the Hedley area.

* For Sale * 1977 Coachman 24' Motor Home (Ford one ton chassis)

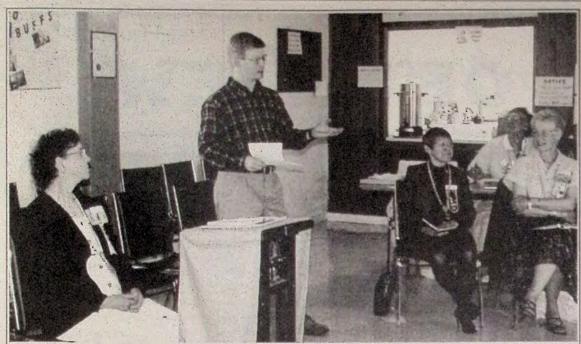

This unit is in very good condition and is ready for summer activity. Comes equipped with a 460 V8 engine, and an automatic transmission (both recently serviced and in excellent condition), seven new tires, renewed brakes, dash air, PS, PB, reupholstered high-backed bucket seats, cruise control, dual batteries, roof air conditioner (1 yr old), full pullout awning, trailer towing package, & complete manuals.

Gordon Craigie, President of Princeton Toastmasters, explains to Rebekahs about what Toastmasters does. Rebekahs, left to right, are Joan White, Freda Schroeder, Pam Ottas and Betty Reheis.

Rebekahs host Open House

by D. Stenvold, p.c.

We held an open meeting where representatives from other organizations were invited to attend. This allowed them to see how we run our meetings and to tell us about theirs. Representatives were there from Toastmasters, Legion Ladies, Business and Professional Women's Club, Hospital Auxiliary, Royal Purple, OAPO, Vermilion Artists, Senior Citizens, and the Museum Society. Each gave a very interesting talk, and all agreed that volunteers are difficult to find but very necessary for the various groups to continue to perform.

We were pleased to have many visiting Sisters, including Sister Anne Wray and Sister Lilian Kallen, both Past Presidents of

the Rebekah Assembly. Also Sisters Gwen Miller, P.N.G., who graciously played the music for us and Gail Commandeur. Also present was Ruby Peterson, who has been a Rebekah for 75 years. Following the meeting, the silent auction and the draw for a colourful afghan caused much interest, but, of course, the social

Joseph Dubé took several pictures and was the lucky winner of the afghan.

The weather co-operated and all went home feeling satisfied with a happy afternoon.

time spent with coffee and tea and all the goodies was very pop-

Living past 100

Keep your skin young

Most people worry about the skin on their faces and necks (worry causes wrinkles!) as they become older. The skin others see concerns them. However, the older we are, the more we tend to suffer from dry or itchy skin. Our skin is our body's largest organ and does a lot of work, so we should be concerned about keeping it healthy.

The first step toward healthy skin is a good diet and plenty of water. Protect your skin from too much sun, and keep it clean and free of infection. If your skin looks healthy, you will look and feel years

One of the best products to help keep skin healthy is alpha hydroxy. better known as AHA. This is a chemical which is absorbed by the skin and it actually stimulates the skin to produce healthy cells while sloughing off dead, dry cells. Women use it in creams and lotions for the face and neck, and it works, but everyone can use it for those dry, itchy patches. AHA can be used daily without any harmful effects.

Many products in the cosmetics department of your local pharmacy contain AHA, and some of the products are costly. Look for less expensive products, the simpler the better. You don't need to pay a high price for AHA. Less expensive products work just as well.

Men may feel silly about going to the cosmetics department for skin lotions, but the relief they will feel after using AHA lotions should convince them there is nothing silly about having healthy skin.

Cuts and abrasions on the skin should be cleaned immediately and a good treatment is a coating of Vitamin E oil. Break open a capsule and rub the oil into the cut or scrape. The mark will heal without a scar. The same can be done for burns, including sunburns (try to avoid sunburns with sun block cream). Take Vitamin A internally to improve skin, or eat plenty of carrots, cantaloupe, squash, tomatoes and broccoli.

OUR VIEW

Laying blame will not cure patients

Medical staff of Penticton Regional Hospital passed a vote of non-confidence in the Okanagan Similkameen Health Region Board and its Chief Executive Officer, Murray Ramsden. The vote taken last week was a result of a serious shortage of medical specialists and the Board's failure to agree to solutions offered by medical staff. The non-confidence vote says the Board is unable to provide essential acute care services at Penticton Regional Hospital. Further, the medical doctors say the Board refuses to take any responsibility for helping to maintain essential physician services. It is easy to blame the Board for all the problems, but perhaps we might look back to the real source of the problem, which was the unwillingness of past governments to take responsibility for health services. The Ministry of Health long ago abandonned its responsibility by transferring that responsibility to a group of volunteers appointed by the Minister of Health. That is what the Okanagan Similkameen Health Board is - volunteers!

As much as we might like to point a finger at them, and lay blame for the present mess, we need to go back ten years and recall what happened to hospital boards and the entire "Closer to Home" concept. The Ministry of Health, with the support of the rest of the people we elected, told us we could no longer have local hospital boards and all assets would revert to regional boards. These regional boards are given money out of the Ministry of Health budget and are told how to spend it. If we are going to blame anyone for the mess in health services, let's point the finger in the direction it should be pointed, and not at those citizens who volunteered their time to try to assume some of the responsibility rightfully belonging in Victoria.

Penticton doctors plan to deal directly with the new Ministers of Health after the non-confidence vote, which is not a bad idea. Go to the real source of the problem.

Was his vote wasted or will all have more?

Dear Editor;

Approximately 18 months ago, the then acting premier, Dan Miller, announced an increase in the wages paid to bureaucrats it seems that he could not lure good people away from the private sector. At the time, banner headlines in both of Vancouver's daily newspapers berated the government for being so wasteful with our money. Yes, and I believe that the tirade continued long enough to whip the public. into a frenzy.

Well, what have we now? Good old Gord has not even been sworn in yet and he's announced a pay increase of as much as 38 percent

for his political hacks. I've waited a week and I see or hear no media criticism - no banner headlines and no editorials denouncing such foolishness, prompting these obvious questions.

1) Where is the expected furor from television, radio and the newspapers?

2) Do the BC Liberals own the media, or are they one and the

3) Why is 38 percent wage increase good policy now but not a few months ago? 4) Are Liberal party hacks worth

38 percent more than NDP 5) Can a raise for our new

Premier and crew be far behind? Let's see now, 77 times 20 percent is?

A mandate such as we've given Mr. Campbell means that he'll have to act quickly before we realize what he's doing to us. Of course health care workers will get a raise without a fight. The minimum wage will be raised accordingly, and best of all, I'll be able to pay these increased wages because he'll increase my pension by 20 percent! What do you mean, he won't? Are you telling me that the "new era" doesn't include me? Are you saying I wasted my vote?

Over the past year it has been the initiative of a number of people in the community to deliver the message of Asset Development to the young people of Princeton. I have the greatest confidence the message will be received over time and our youth will become aware of how important they are to us and how much potential they possess. At the same time, I wonder if that message should be taken to all citizens of our Town.

How many times a week are we presented with some negative assessment of our community by our own inhabitants, whether it is some aspect of the slow economy, or the shortage of volunteers for a specific project? Is it possible that we have become obsessed with problems to such an extent that we have begun to suppress our own

potential and the potential of our community? Have we become so conscious of the difficulties that we just naturally look on the negative side of any new ideas that leaders of organizations come up with? Is that why those leaders are finding it more and more difficult to find sufficient volunteers to carry out their projects? Well, maybe it's about time we realize not only the many assets in our community but also the potential we have to achieve whatever goals we wish, provided we are willing to adopt a positive attitude along with a spirited effort. If, for a moment, we want to look

at positives, how many communities would love to have the security of one of the most profitable Weyerhaeuser operations in Canada? Weyerhaeuser management and workers in our community should be highly commended for

the level of productivity and longterm stability they have achieved. This is an excellent example of just how effective commitment, effort and ingenuity can be.

Sincerely, HP Toews

Princeton has a sound industrial base with Weyerhaeuser, but we also have a diversified and expanding value-added economy with companies like Princeton Wood Preservers, Princeton Co-Gen. SBC Firemaster, Blue Mountain Pine and others.

Four years ago, Princeton and Area H applied for and received a Community Forest License. The purpose of that license was to supply local companies with wood and to raise money for joint projects. Through astute community management this license has proven successful and to date has accrued a reserve of \$200,000 to continued next page

The Ridge View

In cleaning out the Barn

by Joe Schwarz, local philosopher and humorist

Spring cleaning with a vengeance saw the Barn in Victoria cleaned out by the B.C. voters in an attempt to eradicate the "foot in the mouth" problem and the "mad policy syndrome". Whether the 25 percent tax cut by the new veterinarian, Premier Campbell, will. revive the badly emaciated cash cow (milked dry) remains to be seen. The tax cut is great if you're working, however, like the selfseeding annual flower, it's expected to produce jobs. We'll see.

On the lighter side, look what's happened since the election. Mother Nature was so excited, she pulled out all the stops weatherwise and turned the whole country into a beautiful park, making the quality of life here priceless, regardless of what they pay you to move to the U.S. It's the "Greens"

Arts Council supports band

Dear Editor;

The members of Princeton and District Arts Council are unanimous in their support of the parents and students wishing to retain the Band Program in our local schools.

Learning to play an instrument and the intricacles of being a member of a band requires discipline and dedication. Why deprive students of an artistic endeavour when they have the enthusiastic backing of their parents who realize both the long and short term benefits of learning such a demanding skill?

A band program is not a frivolous activity, but rather a character-building pursuit sorely needed in this modern technological

Ross Chaston, Chair, Arts

Class looks for classmate

The class of 1943 - 1955 is holding a 40+ reunion in Princeton at the golf course on August 2, 3, 4, and 5. Geonell Gurr is the contact person at 1-250-765-7872. She says she has not located Sylvia Metzler yet, and would like some help from anyone who knows where Sylvia might be. She says anyone who is interested in joining her class is most welcome. They expect to have a dinner on the Saturday night and would like to hear from you if you plan to attend. Anyone just wishing to drop in and say 'hello' will find them in the RV section of the parking lot.

consolation prize.

The Princeton Bridge Street "strip" got paved. Highway 3, whose ragged boulevards looked like a guy taking his girl to the opera with the seat of his pants missing (as we've described before) has a new set of trousers now that the boulevards have been impressively landscaped. Anyone following the construction of the new credit union building can see it has now peaked. This facility has expanded Princeton's financial centre to Highway 3. It remains to be seen whether they have a surprise agenda, such as putting a booth on either side of the highway and thus creating North America's first arterial highway "drive thru." They'llprobably cross that bridge when it gets here.

Princeton Golf Club has opened its back nine and according to Princeton's leading "news leader", Mr. Bob Douglas got a hole-inone on the 16th. Thanks to him, it just might be that when Tiger Woods hears of this he may get the P.G.A. to include Princeton. He likes a good course and competition.

Yes, interesting things have happened since the election. Let's hope there are many more and that they are positive. Premier Campbell says he wants less government intrusion in our lives. Considering the size of his

Cabinet (and we hope our MLA Mr. Chutter will eventually be part of it as our former MLA. Mr. Lali was in his party's administration) Premier Campbell is going at it in a big way. He was unanimously elected by the will of the people. For everybody's sake, let's hope he fulfills his mandate by the will of the people. He says he will govern with "trust, transparency and accountability." It would seem a noble goal, an awesome task. Political history doesn't seem to chronicle any of that. Will he be an exception? We'll see! We may have to clean out the Barn again.

Mayor's letter

continued from previous page... cover any eventualities, as well as an additional balance of funds of \$170,000. With matching funds, this seed money will give us an opportunity to undertake a project of real significance. In coming months, residents will have the pleasant task of publicly suggesting possible projects to pursue such as a civic centre or swimming pool, and then selecting one through referendum. In the future, I and others will expand on these and other issues in our community. The purpose of these articles is not only an exercise in feeling good about ourselves, it is rather to examine our strengths and weaknesses in order that we might make the most of our many opportunities.

Mayor Randy McLean

Heart Food

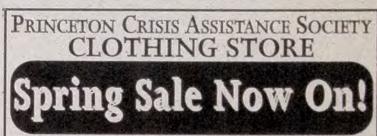

by Dave Machin

Man is a spirit, he has a soul, which is made up of his reasoning faculties (mind), will and emotions, and he lives in a physical body. The heart of man is not the physical blood pump that pumps blood through his body, but it actually is the spirit of that man. The real you is your spirit. Do you have a human? No, you are a human. You do not have a spirit, but rather, you are a spirit. Man thinks of himself as being only a body because he cannot see his spirit with the natural eye. However, to really understand spiritual things, it is most important that you realize you are a spirit. The spirit does not die. The spirit of man will live forever, either with the Lord Jesus Christ or with satan. When a man dies, he only ceases to live in the physical body. He does not cease to exist. The spirit is called the heart of a man because it is the core or center of his being. The heart of a tree is the core of that tree. The heart of a watermelon is called that because it is the center of the melon (not because it pumps watermelon juice!) You contact God with your spirit because you were made in His image, and He is a spirit. At creation, God placed within man a yearning or a "heart hunger" for fellowship with Him. Because of this yearning and heart hunger for fellowship with his creator, man's spirit apart from God is never satisfied. This is what drives him out into the world seeking pleasures and material things. He is trying to find satisfaction for that heart hunger inside him. This has driven many in ignorance to false cults and given birth to many of the religions of the world. But it can never be satisfied until we become a child of God and are back in fellowship with Him through the new birth. The new birth is the real you "spirit" becoming alive to God by receiving Jesus Christ as your Lord and Saviour. Then God's word becomes spirit food (heart food) that will build up your spirit and make you begin to understand spiritual things. God is good, His word is good and good all the time.

LSIB hosts territory trek and canoe blessing and feast

by Patty Harrower

The Lower Similkameen Indian Band will be hosting a Canoe Blessing and feast at 5:00 p.m. June 13 at Memorial Park in Keremeos. The purpose of this event is to honour and bless two traditional dugout canoes and to recognize the Similkamix who built them.

The canoes are the first to be built here in 100 years, and are to be a part of a spiritual and educational Territorial Trek beginning June 20. This trek began as a

heartbeat of our society. This is a celebration of people."

McRae said the next 25 beds are "three years down the road."

Ken Jaeger, Doug Leahy and Murray Ramsden spoke from the administrative and fundraising functions, with more commendations for the community.

Reverend Dave Hughesman and Teresa Dennis each gave a prayer of thanks and dedication, then the ribbon was cut.

Frances Peck and Dr. William Murphy unveiled the dedication plaque, and a plaque in memory of former Mayor Bob White was unveiled.

Roger Mayer, MC for the occasion, made the closing remarks and invited everyone to tour the facility and enjoy refreshments. vision of Okanagan Nation Elder Louise Gabriel, who sees it as a way to look back to when the Assembly of First Nations, formerly known as the North American Brotherhood, lived and worked the territory.

The canoes and riders will leave on June 20 from the northern point of the Okanagan Territory at Pillar Lake, north of Falkland. They will be at Head of the Lake - Komasket Park mid-morning on June 21, participating in Abori-ginal Day Celebrations. The participants will be canoeing, horseback riding, and running for 15 days, with tentative campsites along the way at Deep Creek, Antler Beach or Okanagan Lake Provincial Parks. The Trek will continue on to Okanagan Falls, Osoyoos Lake, Tonasket, Omak, and end at Brewster, Washington where the Okanagan River meets the Columbia River, a southern territorial point, on July 4. From there, the canoes will be transported to the Nespelem Powwow grounds. Elder Gabriel's vision is sees the Trek uniting the Oka-nagan People, show them where the territorial lands lie, and remind others that aboriginal peoples are still here, living and working the

The Blessing Feast on June 13 will be potluck and will also offer some traditional dishes. The public is welcome to attend the feast, and may R.S.V.P. to the Band office (499-5528).
