### RCMP continue drug crackdown

Princeton RCMP arrested an individual who was in possession of a large quantity of cocaine on February 23rd at about 11:00 am.

The subject was arrested outside a local restaurant and has been charged with possession for the purpose of trafficking.

Later that evening, February 23rd, three Princeton RCMP members assisted Oliver RCMP detachment with the execution of a number of search warrants in their community. This joint enforcement has proven very successful for the detachment in the South Okanagan.

In Oliver, a total of 11 persons were arrested with a number of them being charged with drug and weapon offences.

On February 25th Osoyoos RCMP executed a Controlled Drugs and Substance Act search warrant on a residence in Osoyoos, BC on behalf of the Princeton RCMP.

arrested and have been charged with possession for the purpose of trafficking as well are facing weapon offence charges.

RCMP seized cocaine, drug paraphernalia and firearms in the home.

In the last 2 months the Princeton detachment has executed or assisted in executing over 12 search warrants under the Controlled Drugs and Substance Act.

All these matters are still under investigation.

### Local youth to benefit

John Babiak of Tokn Productions has announced this week he has received confirmation for all the artists scheduled for his mid-May

'Let's Play Princeton' country music concert will feature Emerson Drive, Ken McCoy, Justine Stewart, Duane Steele, Cruzeros and Tracey

Babiak says local talent will also be featured with a slot reserved for Princeton's Kristie McIvor.

"This concert could draw a maximum of 5,000 people to the area," Babiak says.

He already has the support of BC Country Music Association, Giant-FM, PXA and the Rodeo Club.

The exact location for the outdoor concert, set for the evenings of Friday, May 13th and Saturday, May 14th, is yet to be decided.

"I've been planning this concert for over a year and corporate sponsors are welcome as are donations from local businesses."

Babiak says there will be plenty of advertising space available for businesses to make use of in promoting themselves at the concert.

He is also pushing for advance ticket sales. Tickets will be available locally from March 8th to 18th. A two-day pass will cost \$40.00 +

Local ticket outlets include Dairy Queen, Similkameen News Leader, Belaire Restaurant and Billy's

Tickets will be available through TicketMaster outlets on March 15th with prices set at \$60.00 + GST and service charges for a two-day pass and single day tickets will go for \$30.00 plus taxes and service charges. Rush tickets will be \$35.00 per day at the gate. Youth tickets will be a flat \$10.00 + GST regardless of when they are purchased.

"There will also be a 'Meet and Greet' event planned for after the concert," says Babiak.

The 'Meet and Greet' will take place Saturday, May 14th starting at 9:30 PM in the Arena. Tickets at the door will cost \$20.00 and will include a cold buffet, autograph opportunities with some of the artists featured at the concert and access to souvenirs. Russell Brewer will also be performing live at the event.

Babiak says a portion of proceeds collected from the concert will be donated to youth sports, culture and art in the community.

Make cheques payable to: Princeton Minor Fastball Association

We caught Dianne Rainer teaching Trevor Tory screen painting last week. The pair were trying out the new medium at Leftovers Studio as they prepared to create Easter craft projects.

### **Foundation benefits Princeton**

The South Okanagan
Similkameen Medical
Foundation has funded the
\$750,000 upgrade to the
Penticton Regional Hospital
Nursery which became operational on October 21, 2004. Since
then, the facilities have been used
for the birth of 24 babies from the
Princeton area.

The Foundation is now moving to the next, and very important, stage of its, "Journey Towards Excellence" campaign - the purchase of a mobile Magnetic Resonance Imaging (MRI) unit. This is being made possible through an agreement and cost sharing between the Ministry of Health, Interior Health Authority, hospital foundations Cranbrook, Trail and Penticton. The unit will be located in Penticton for two weeks, in Cranbrook for one week and in Trail for one week of each month.

This is a significant purchase of a very special piece of diagnostic equipment. An MRI is used for cancer tumor detection, aneurysm detection, blood vessel scanning, diagnosing back injuries, blood vessel problems and a multitude of other diagnostic tests. Early detection of most illness is critical to a satisfactory recovery. No longer will patients in the South Okanagan Similkameen region have to travel long distances in discomfort to other centers for

this service. The unit is scheduled to be operational this spring. With a second MRI in the Okanagan two weeks out of four, waiting times should be cut significantly.

Having an MRI available to residents of the South Okanagan and Similkameen has been one of the foundations high priorities for several years. The South Okanagan Similkameen Medical Foundation's share of the cost is \$750,000. To date they have received donations amounting to seventy-five percent of that amount.

If you wish to contribute to the Bill Spring 295-7104.

MRI unit, please forward your donations to the South Okanagan Similkameen Medical Foundation, 550, Carmi Ave, Penticton, B.C. V2A 6V6 or call Ken Jaggard, Chair of the Foundation, at 250-492-4350 for further information. Income tax receipts will be issued for all donations.

For further information regarding the impact on health care delivery in the Princeton area, please call Marilyn Harkness, Administrator of the Princeton General Hospital, at 295-3233 or Bill Spring 295-7104.

#### Princeton Royal Purple host Supreme Honoured Royal Lady

Princeton Royal Purple are proud to announce that, Supreme Honoured Royal Lady Bev Bourgue will be here for March 15th meetings.

Bev and her husband Magnus live in Yellowknife, Northwest Territories. We would like to invite the Elks and all other organizations in town to attend.

Also if there is anyone else that is interested in Royal Purple this would be a good time to check us out. March 15th at 7:30 pm.

We will be celebrating two 60 year members of the Royal Purple. Grace Lawrence is a charter member to Princeton Royal Purple #82. She is the last charter member here

in Princeton. Adelle MacDonald is also a 60 year member. She is now a member of our lodge, Adelle is a life member to Langley #248 lodge.

She joined in 1944 at Powell River. We are only a small lodge at this time. In the future as we get more retired people moving to town, we should also get a few more members.

This is to the new people in town. You may not know anyone, and are a bit reluctant to come. But you've heard of the Royal Purple and would like to know more, please free to give us a call. Phone Doris Driver at 295-3518.

### Vermilion Court keeps residents busy with many activities

Enduring winter at Vermilion Court has been a challenge, but we have overcome it with many activities and special days.

January 25th had us celebrating Robbie Burns day with Aida reading to us some Scottish history and Beulah reciting a poem. Aida, Billy, Mary Agnes and Sheila were all dressed for the occasion in tartans. We thank Sheila's family for loaning us the many Scottish items to decorate the room.

One evening in January we were

entertained by 10 year old Felicia. She is in her first year of band and played a few songs for us on her clarinet. Well done Felicia, we look forward to hearing you play again.

On the 15th of February, our dining room turned into a Las Vegas casino. Many came dressed for the occasion in outfits decorated with sparkles and glitter. We celebrated Dorothy's birthday this day and she arrived for lunch dressed in a shimmery gold outfit As we were finishing our lunch, we could not believe

our eyes when Elvis himself showed up to entertain us. As he sang, he moved from table to table serenading some of the ladies.

After lunch, with Jill dealing cards, Stephanie working the Poker Dice table and Donna spinning the Crown and Anchor wheel, the chips were a flying. Everyone got a bag of chips to play with, but no one seemed to care if they won or lost as they were all having such a good time. A table was set up buffet style and punch and snacks were con-

sumed by all.

We would like to thank the Rotary for the use of their Crown and Anchor wheel and the many kind souls who helped us locate it. Also a thank you to George Merral for loaning us his poker table. A special Thank you to Neil and David for picking up and delivering these items to us and then returning them.

One week later, with old photo's of us decorating the walls, we started traveling down memory lane. On this day, February 22, the dining room was turned into Jill's Diner...the year 1957. There were burgers, fries, sodas, coleslaw and ice cream sundaes on the menu. After lunch, we were entertained by our very own Jeanette and George who showed us some

dances from the 50's and 60's. Some of the staff and residents just couldn't hold back. It wasn't enough just to sit and watch. So up we got and joined in on the dancing. Smiles are very rewarding and on this day we all were greatly rewarded. The photo's on the walls had numbers on them, no names. We were to guess who these people were in the pictures. This was not an easy task as a lot of us are in our 80's and 90's now. There are names on the pictures now and we can be quite proud of how many we did get right. Mary Agnes was the big winner, guessing the most, with Muriel and Joyce close behind. It is always great taking a walk down memory lane, but now with most of winter behind us, we are all looking forward to spring. - Submitted

100% Locally Owned & Operated...

### keremeos and area news

New housing starts have increased in Keremeos over the past year. Above, two new homes under construction on the Keremeos By-Pass Road.

This year marks forty years since Barney Allison hosted the first Chopaka Easter Sunday Rodeo. This annual event will take place again this year.

For newcomers to the Similkameen Valley, Chopaka Rodeo may be hard to find. Chopaka is located south of Keremeos.

Follow Highway 3 past Cawston toward Osoyoos until you see a bridge crossing the river. There will be a rodeo sign pointing the way. Cross the bridge and follow the paved road until you see the gates to the rodeo grounds.

The rodeo arena is rather unique. It is set at the bottom of a natural bench, and spectators gather on the slope to watch the fun. Bring your own chair, and dress warmly. A concession will be open, and will serve the traditional fried bread as well as hot dogs and hamburgers.

Chopaka Rodeo is the first Similkameen Valley rodeo of the season. It is a place to socialize

### Fun planned for Museum

Hedley's Heritage Museum will host a St. Patrick's Day Tea and Flea Market on March 12th and 13th.

The Flea Market will run from 9:00 AM to 3:00 PM both days with the Tea being held from 11:30 AM to 2:30 PM.

There is no entrance fee for the Flea Market, but Tea will cost \$3.00 and will consist of tea, coffee and goodies.

Organizers are still accepting clean, saleable items for the fundraiser.

Anyone wishing to donate items can do so by calling the Museum at (250) 292-8787 to arrange pick-up or drop off.

and catch up on all the news.

Stock contractors are DeJonker and Derose, with Terry Wright of Princeton bringing the roping

There is a \$300 added purse for the timed events, except for team roping, which has \$500, and Junior Barrels, which has \$100. There may be slack, depending on how many entries there are for the

timed events.

A cow milking event offers a \$100 prize.

Entries will be accepted on Wednesday, March 23, from 10 a.m. to 6 p.m. by phoning 1-250-499-2259.

A loonie auction to support the prizes will be held at K-Mountain Inn in Keremeos on March 11 starting around 7:30 p.m.

### May long weekend plans are in progress

Keremeos offers some big events on the May long weekend, starting Friday, May 20, with the Cathedral Lakes Powwow.

This event takes place at the Ashnola campground, located across the Red Bridge and about seven kilometres south on Ashnola Road.

The powwow is hosted by Lower Similkameen Indian Band. The first Grand Entry will take place at approximately 7:00 p.m. Camping is available on the grounds for those who want to spend the whole weekend, but spectators can pay a daily or weekend rate at the gate.

The powwow includes competitive dancing by dancers who have earned the right to compete. Dances include traditional dances, fancy dances, grass dances, and iingle dances.

In addition, there are special junior dances, elder dances, and

intertribal dances (where everyone competes). Drum and singing groups compete, too. On Saturday and Sunday, Grand Entry takes place at 1:00 p.m. and 7:00 p.m.

The Similkameen powwow is unique in having a round house with bleachers surrounding a center circle. Visitors remark on the outstanding ambience of the area nestled in a narrow valley with a river running past the grounds.

Elks Rodeo

The Keremeos Elks Rodeo begins on Saturday, May 21, and goes through Monday, when the annual parade is held. The rodeo action includes antique tractor pulls, junior events, and the customary rodeo events.

Fans sit in bleachers during events, and relax and socialize in the refreshment and concession

Watch for further information on these events closer to the date.

Hedley **Stamp Mill Day** Saturday, May 7th

#### Vatch Hedley grow! Big things coming in 2005

Big things are happening at the old school in Hedley. It is being torn apart on the inside to create the Snaza'ist (Snazza - eest) Centre. Snaza'ist means "striped rock" which was an original name for Hedley.

Snaza'ist Centre will welcome vis-

itors to the Mascot Mines tours, which resume in May. As visitors enter the main hallway, they will see a reception area, an information desk, and a shop which sells soft drinks, water and snack foods, as well as souvenirs.

Further down the hall, visitors will

enter an exhibits room containing dioramas of the ochre bluffs (west of Princeton) and Hedley and area as it appeared in the 1940's, when the town was a lively gold processing centre, as well as a mural of the Rock Shelter, a historic pictograph site located on Chuchuwaya

Reserve.

Going further down the hallway, visitors will enter a multi-media theatre.

The front of the building will see new landscaping to create a ramp to access the main doors. If there is enough money left, the tours parking lot will be paved.

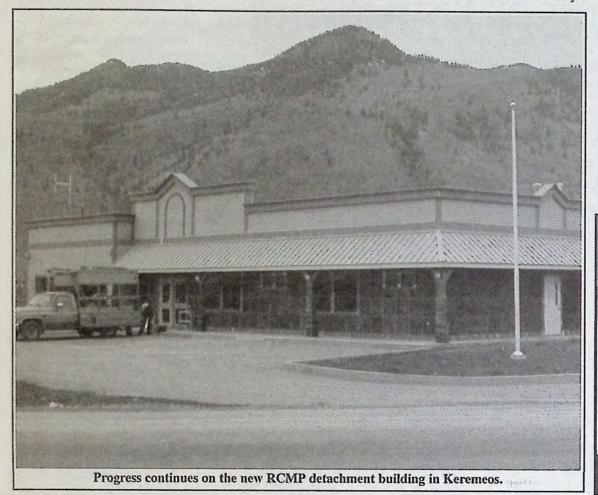

Snaza'ist Centre is part of a major development project spanning the next five years. Plans include moving the Upper Similkameen Indian Band administration offices into the building.

These are presently located in Keremeos. The archaeology offices will move from the Hedley Post Office Building into Snaza'ist Centre. The Princeton office, which the serves Upper Similkameen logging operation, will remain in place.

Another phase of development is at Mascot Mine heritage site high on the mountain, A crew will refurbish 200 metres of tunnel to make this safe for tourists to enjoy an underground mining adventure.

In addition to development connected to the mine tours, plans are in the works for an RV park to help accommodate travellers. The plan will be carried out as finances permit.

The development of Hedley's history resources has created a number of jobs in a formerly bleak area. As the tours become more famous, the tourist traffic will create more business opportunities for Hedley, and additional jobs.

### Learn more about Hepatitis C

Hepatitis C is a liver disease caused by the hepatitis C virus (HCV), which was first identified in1989. It is perhaps more common than you know; 1 in 100 people in Canada has the disease. HCV is spread by direct contact with the blood or body fluids of an infected person.

Some people are more likely to contract hepatitis C than others. People at higher risk of having hepatitis C infection include individuals who have used or do use injection drugs or share drug equipment, people who received a blood transfusion prior to 1990, individuals who have been tattooed or pierced with non-sterile equipment, and the prison population.

Currently there is no vaccine to prevent the virus from spreading. Infection can occur through:

- Illicit drug use including sharing drug snorting, smoking or injection equipment such as needles and syringes, straws, and pipes.
- Exposure to blood and blood products (for example, receiving a blood transfusion) in a country where the blood supply is not tested for hepatitis C. In Canada, this applies to blood and blood products received before 1992.
- An accidental needle poke with a used needle or syringe.
- An infected mother passing it to her newborn infant (risk of about five to six per cent).
- Sexual intercourse, especially for those who have multiple sex part-
- Sharing toothbrushes, dental floss, razors, nail files, or other items which could have tiny amounts if blood on them.
- Using non-sterile equipment for tattoos, body piercing, acupuncture or electrolysis. There is a very low but real risk of passing on the virus through other body fluids such as saliva, semen, or vaginal secretions. Hepatitis C is NOT known to be spread by:
- coughing or sneezing
- contact such as hugging and kiss-
- using the same dishes or cutlery
- swimming in a chlorinated pool when you have cuts, scrapes or are menstruating
- being bitten or stung by an insect which then bites or stings someone else
- when your body fluids such as saliva, urine, feces or vomit comes in contact with the healthy, intact skin of others

It is important for people with hepatitis C to live a healthy lifestyle. Consider the following:

- Avoid all alcohol.
- Maintain a nutritious diet. Consult with your doctor before taking megavitamins or herbal products.
- Over-the-counter and prescribed medications should be taken only when advised by your doctor.

- Avoid smoking and illicit drugs.

- Protect your liver by talking with your physician about having the hepatitis A, B and pneumococcal vaccinations.
- Have your annual flu shot. (Immunizations are free if you have hepatitis C.)
- Ask your doctor to refer you to a Service Area

specialist.

There is NO hepatitis C vaccine to prevent infection.

(Some information taken from the BC Health Files.)

Jill Rhynard, BScN, MPH, Coordinator of Health Promotion Interior Health, Okanagan Health

### How acupuncture works

Acupuncture alleviates pain and can increase immune response by balancing the flow of vital life energy through the body.

Acupuncture deals with the human body in terms of energy rather than matter.

A basic life energy called 'chi' is present in everything around us. According to research of the American Association of Acupuncture and Oriental Medicine there are over one thousand points within the meridian system that can be stimulated to enhance the flow of 'chi.'

When special needles are inserted into these points, they help correct and rebalance the flow of energy and consequently relieve pain and/or restore health.

Western scientists have observed that acupuncture points have a variety of unique physical and electrical properties.

Stimulation of these points produces certain physiological reactions in the body such as changes in heart rate, blood pressure, brain activity, blood chemistry, endocrine functions, intestinal activity and immunological reactions.

Recent studies have suggested the possibility that the analgesic effects of acupuncture may be naturally occurring morphine-like substances called 'endomorphins' in the brain.

Current medical therapies often involve side effect drugs or operations. Acupuncture can often stop or cure the same medical conditions more effectively and with natural remedies.

In Princeton, to find out more about acupuncture and whether or not it can help you, contact Guadalupe Gutierrez, DDS, R Ac at (250) 295-7406.

### School spreads pride with Rebel Gear

Princeton Student Council is very proud of their school.

They spend a lot of time developing school spirit through Pep Rallys, Spirit Days, Spirit Shirts, Dances and Seasonal Events.

They want the entire school and past students to show their school spirit.

On sale now is PSS Rebel Gear. Choose from hoodies, sweat pants or toques that are available to order in the PSS Office.

Community members are welcome to show their support of our only high school and student council by checking out the PSS Rebel Gear.

### living past 100

### Boomers reach crisis age

It is time for the Baby Boom generation to take health seriously. Most of the members of this generation is reaching retirement age in the next five to 10 years, and it is now that the seeds of later health problems are sown. The post-war period beginning after 1945 saw an explosion in the birthrate in North America. The generation born in the decade 1946 to 1957 face more than retirement savings problems. They face the onset of old age, and

they need to take care of themselves if they want to enjoy retirement.

First, the "Boomers" need to maintain good health through regular exercise. Both men and women need to ensure high levels of calcium in their diets and do the kind of work or exercise involving lifting of weights.

Second, this generation needs to maintain a non-obese body weight. For many, this means a leaner diet and weight loss program. For others, it means no more indulging in desserts.

The third thing these pre-retirement folks need to do is find a good family doctor and have regular check-ups for everything from hearing loss to fallen arches. A good physician will appreciate the importance of preventing problems before they start.

During the years between age 55 and age 65, a good diet, regular exercise, and detection of potential future problems is essential to prevent some of the more serious health problems which tend to crop up during retirement. Now is the time to do what is necessary to live a healthy old age.

The fourth thing to do is plan what you intend to do in your retirement to keep yourself active and healthy.

Southern Interior MP Jim Gouk spoke to a crowd of thirty residents at his Town Hall meeting last week in Princeton's Skill Centre.

### Gouk hosts meeting

Just over thirty concerned residents attended the town hall meeting hosted by Southern Interior MP Jim Gouk last Tuesday night in the Skills Centre.

Gouk started the evening with a review of what has been happening in Ottawa and explained how Parliament functions. The current government is the first minority government Gouk has be a part of in his four terms.

"It makes for some interesting dynamics in Parliament."

Gouk says the current government is beneficial.

"I like the idea of a minority govemment as you get a bit of everything."

Gouk, who is the vice-chair of the Transportation Committee, says a lot of work is done at the committee level.

"As vice-chair, we (the Conservative Party) have functional control of the committee."

Discussion from the floor revolved around many issues including same sex marriage, missile defence and polling methods used within the riding. Gouk made it clear he wants to hear from people in the riding, and can be reached in many different ways. Those wishing to send an email were advised to include the community name in the subject line of their e-mail as sometimes his office receives 1,000 e-mails a day.

#### "Teachers win class-size ruling" - Jinny Sims

A recent unanimous decision by the B.C. Court of Appeal determined that teachers have the right to grieve the legislated class-size limits and averages imposed by the B.C. Liberals three years ago. This represents a significant victory not only for students and teachers, but also for democracy. In January 2002, the Liberal government, apparently dissatisfied with not having control over class sizes, decided to take away what was previously bargained in good faith. Using their heavy legislative hammer, they mandated class size limits for K-3 that were higher than those stipulated in the collective agreement and removed firm limits altogether for grades

In March 2003, the International Labour Organization, a United Nations body, ruled that the B.C. Liberal laws stripping collective agreements contravened conventions to which Canada is signatory. The government ignored the ruling even though it places B.C. in violation of international law.

In January 2004, the B.C. Supreme Court quashed an arbitrator's ruling stripping provisions of the teachers' collective agreement. With typical arrogance, the Liberal government simply passed a new law overruling the Supreme Court's deci-

This brings us to the recent unanimous decision by the B.C. Court of Appeal in which three judges express strong opinions about the role of class size and teachers' rights to enforce the legislated limits. If three court rulings stress the fairness and justice in teachers being able to negotiate class size, then one would hope that the government would finally acknowledge that it should also respect the laws in a democratic

Jinny Sims is President of the B.C. Teachers' Federation representing 42,000 public school teachers in

#### aturalists answers

Last week a letter was sent to Victoria demanding details on the coal-fired electric power plant project located at the former Similco Mine location.

Vermilion Forks Field Naturalists sent the letter, which appears here in it's entirety.

To the Honourable George Abbott, Minister Sustainable Resource Management

P.O. Box 9054 Stn Prov. Govt., Victoria, BC V8W 9E2

RE: COAL-FIREDTHERMAL ELECTRIC POWER PLANTS IN B.C.

Dear Mr. Minister Abbott

The Executive and members of the Vermilion Forks Field Naturalists Society have been aware of the impending development of a Coalfired Thermal Electric Power Plant, to be located on the old Similco Mine site, 14 Km. West of the Town of Princeton.

The Compliance Energy Project was initially rated at 49 Mega-Watts, just below the threshold of 50 Mega-Watts established by the Reviewable Projects Threshold, thus the project is not reviewable under the present Provincial Regulations.

Since the initial rating was publicized, various other ratings have appeared on the Company's Website, ranging from 48 to 50 Mega-Watts and above. The rating

that now appears to be stated for Princeton is 50 Mega-Watts, which would make the Project "a reviewable Project under the Reviewable Projects Regulations of the Environmental Assessment Act, Section 10.1". We submit that because of this conflicting information further development or issue of permits should be halted, until these inconsistencies in ratings have been clarified.

We are aware that -

A. Coal-fired Power Generation is being phased out in many countries across the globe, with Ontario being a leader in Canada with its goal of phasing out all of its coalfired generation by 2007.

B. Toxic and undesirable substances are emitted when coal and wood waste, which Compliance has stated they will use are burned. Sulphur dioxide, nitrogen oxides, mercury (not listed in the Provincial Guidelines and considered the most dangerous emission), lead, carbon dioxide and particulars all contribute to significant environmental and health risks. It has been well documented across the world, that coal-fired generation has contributed to acid rain, global warming, cardio-pulmonary disease and many other health problems.

C. To our dismay we find that the limits for gaseous and particulates emissions, new to B. C. are higher,

The Similkameen Valley Riders ATV Club extends an invitation to all those interested in joining the Club. The Clubs interests and focus are to promote responsible and safe riding, to enjoy the outdoors, to ride, maintain existing trails and open new trails in and around the Princeton, Tulameen, Hedley, Manning Park, Otter Lake and other areas in the district, as well as attend ATV rallies in other areas of the province.

ATVing is for people of all ages, including those who find it hard to get around due to medical or physical problems.

Enjoy and explore the outdoors. A trail adventure is only an ATV ride away. A meeting will be held on Tuesday March 8th, at the Rock Ridge Canyon, on Will Road (drive past the golf course to the end of the road) at 2:00 pm for those interested in joining the ATV Club.

On June 25th, there is an ATV POKER RIDE that will be held in Logan Lake. Interested riders should go to the website www.atvbc.ca, for details and information on the event.

Submitted by Myrl Stus, Similkameen Valley Rider ATV Club member.

thus more permissive than in other jurisdictions.

We ask "Why has B. C. not adopted the best available standards, instead of the worst in North America?"

Given the confusing, inconsistent information we have received on the Compliance ratings and given the known health and environmental impacts we are appealing to the Government of British Columbia,

a. the Compliance Project be a reviewable project, whether ratings are 49 or 50 mega-watts,

b. the B. C. Government take steps to adopt policies which will protect it's citizens from know environmental and health effects.

Yours sincerely, M. A. Schouten

### Fair plans new features

Fall Fair members agreed to change the entertainment package this year to offer some new features. The most popular attractions will remain: the mechanical bull, the slide for the kids, and the chuckwagon races. Jenn Bernard and Lyn Pudsey will work on contacting entertainers, although all members will help with ideas.

Princeton Garden Club requested some changes in the vegetable and fruit department, and the Fall Fair will work with Garden Club members within budget considerations.

President Jody Woodford said she would like to see a tighter budget this year in order to reduce gate prices, and offer a reduced seniors'

President Woodford appointed committees to run the fair. There are many committees, ranging from seeking sponsorships for the chuckwagon races, to organizing the buildings to 4-H and the concession.

Committee heads are responsible for organizing their own crews of volunteers.

Members reviewed a policy motion made following the 2004 fair which stated the fair reserves the right to refuse any vendor who does not meet the standards set by the Fair Board.

At the end of the business portion of the meeting, President

Woodford presented a short seminar on different ways of thinking about an issue before making a

She demonstrated the concept by wearing different hats for the various kinds of thinking. Members thoroughly enjoyed the presentation. The seminar was part of sharing the workshops held at the annual BC Fairs and Exhibitions convention in October.

The next meeting of Fall Fair will see members returning to the fairgrounds office on March 29 at 7:00 p.m. Anyone interested in participating in the fair is welcome to attend. All Fall Fair meetings are open to the public.

### Iissile defence poll results released

As promised, BC Southern Interior MP Jim Gouk has conducted a poll of his constituents on the subject of missile defence. The poll was conducted by SES Research on February 11th and 12th and is considered accurate within 4.5%, 19 times out of 20. The poll disclosed that 43.6 % strongly oppose and 13.8% somewhat oppose Canada's participation with the United States in a missile defence shield system. In comparison, 14.8% strongly support and 15.8% somewhat support Canada's participation.

The balance neither supported nor opposed the system. "I am not really surprised at these results," said

"Feedback generally has been more negative than positive. Oddly though, this has been the first big issue where I have seen a significant split in opinion between the eastern and western parts of this riding," Gouk continued.

"While there are supporters of the missile defence system in the eastem part of the riding, the predominant reaction I have heard is opposition. In contrast, while there are opponents to Canada's participation in the South Okanagan and Similkameen, most feedback indicates that constituents there support some involvement by Canada."

"Had there been a vote on this subject, I would have voted against Canada's participation -- in keeping with the results of this poll," said

"However, I am not hesitant in informing people that this would not have been my personal opinion. The Americans only really wanted two things from Canada. The first was an amendment to the North American Aerospace Defence Command (NORAD) to permit NORAD to provide system information to the Missile Defence Shield Program. The then existing agreement did not permit this.

That amendment was signed under the approval of Paul Martin last summer, unbeknownst to parliament or the Canadian public," added Gouk.

"The only remaining request from the US was for direct information sharing between our two governments and input in the decision making process.

They reportedly wanted no money from Canada, nor did they want to build any new installations of any kind in Canada. So apparently, all Paul Martin turned down was the opportunity to be kept informed of what was happening and to have some input for Canada in actions being considered or taken," stated Gouk.

It appears that Paul Martin's announcement rejecting Canadian participation was more about his leadership review vote at the Liberal convention than it was about Canada's interests," said Gouk. "Beyond that, the lead up to the announcement is typical of his dithering leadership style.

He gave off strong signals of supporting the US request, then suddenly reversed his position and announced it with no notice to the US. The American people and the President found out about his decision through CNN. No matter which side people support, they will know that this is mishandled diplomacy at its worst," Gouk pointed out.

"At minimum, Martin should have waited until the US border opened to Canadian beef on March 7th before making his announcement. Better yet, he should have brought the whole issue before the House of Commons for full disclosure, debate and a vote as he agreed to in the vote on the Speech from the Throne as amended by the Conservative Party," Gouk con-

TUESDAY, MARCH 8, 2005 THROUGH MONDAY, MARCH 14, 2005

Ambassador Candidates J-lee White, Ashley Goreas and Colby Whelpton were kept busy selling 50/50 tickets at Saturday night's Grad vs. RCMP Hockey Game. The pot, worth \$210.00, was won by Mary Sol.

### Grads win annual grudge match

Princeton Secondary School Grads dished out an evening of entertaining hockey Saturday night when they hosted a team of RCMP members, Rescue Crew responders and School Teachers.

The Grads played a brand of hockey that even the Princeton Posse should examine more closely.

In what appeared to be a very carefully calculated attack, the Grads executed a skilled match of 'divide and conquer' by slowly picking off the opposition one by one.

PSS Principal Bill Lawrence fell victim to a swarm of Grads. Lawrence dropped to the ice faster than prices in the school cafeteria.

Teacher Steve Lepoidevin crashed quicker than his computer; Rescue Crew Member Shelby Smith fell prey to the game faster than his best response time.

The precision of the attack by the Grads was a work of art.

RCMP Cst. Mike Kelly was busted faster than a local grow-op when it was his turn to receive the silly string torture.

The Grads left no player untouched and were setting up their opponents with every play.

Penalties called included 4-minutes to Bill Lawrence for looking so good.

The second intermission introduced Teacher Gordon Bibby's most recent invention, a rocket pack.

Once it kicked into overdrive and the afterburners lit, he shot around the rink faster than you could say, "Could I see your drivers license and vehicle registration, please?"

The Grads, a team of nineteen players, finished the match with an 11-8 win.

They earned the win and the capacity crowd provided plenty of support for the Grad Class of 2005 and their graduation activities.

There were many door prizes raf-

fled, all donated by local businesses and the 50/50 draw was won by Mary Sol.

Her winning ticket brought her \$210.00.

#### Horoscopes March 10 - 17, 2005

Aries - You really want to talk about a lot of things now, but you may have problems getting anyone to listen. Take time to define yourself to yourself. People will listen next week. Review ideas.

Taurus - You have a whole lot going on at the back of your mind. Guard against colds, flu. Health is relatively good. Energy levels are high. Forget travel plans for now. Career turns hectic next week. Gemini - Career continues to be demanding, but you can plan ahead now. Make the plans but don't act on them, as matters will change. Review these plans next month, when you can act on them.

Cancer - Face it - you are not at your best right now. Review challenges and problems of past six months. You are in a learning mode, learn from past problems. News affects career and challenges increase. Be smart.

Leo - Do your taxes now. The task will be smoother now, more difficult next week. Watch for errors. Daydreams are great, but don't ignore reality and don't pretend all is well when it is not. Think!

Virgo - For the next month, be extremely careful with information. Double check details. You may find yourself re-doing too much if you are not careful. Don't spend what you don't have - no delusions, please.

Libra - Partner, spouse will tell you something important this week, but double check information and don't act in haste. Minds will change more than once. Children, games, creativity, sports are fun. Scorpio - Guard against colds, flu. Creative efforts go well. Activity cen-

ters around errands, siblings, neighbours. Improve home property, visit parts, grandparents. Find hidden treasures at home and gain.

Sagittarius - Take care of what you own and spend beneficial time at home working on property. Make improvements. You can make plans now, but don't act on them. Make a list, review it April 10.

Capricorn - Energy level continues high. Tackle tough jobs around home - cleaning, repairing. Short trips, errands, are pleasant. Career matters seem great, but this could be a dream or a reward. Wait and see.

Aquarius - Money, possessions occupy your mind right now. Information may be subject to review next month. Money improves next week. Keep mind clear - daydreams don't solve problems.

Pisces - Information you receive now about money matters could be mistaken. Situation needs serious review in coming month. You can clarify matters next week. You may reap benefits from investments.

### Similkameen News Leader

Recipe Corner (Recipe #54)

### Garden Fresh Turkey Stir-Fry

1/2 tsp each salt, pepper, garlic powder and paprika

3 tbsp vegetable oil

Ib turkey breast cut in 1/2 inch strips

1 each yellow and green peppers, thinly sliced

1 cup snow peas

1/2 tsp Italian seasoning

8 - 10 cherry tomatoes

In a plastic bag combine salt, pepper, garlic powder and paprika; mix well. Add turkey strips and coat with seasonings. In a skillet or wok, heat 2 tbsp oil; stir fry turkey 3 to 4 minutes or until no longer pink inside. Remove from skillet, keep warm. Add remaining oil, yellow peppers, green peppers and snow peas. Stir-fry 1 minute. Sprinkle with Italian seasoning; reduce heat and cook 2 minutes until vegetables are tender crisp. Add turkey and tomatoes. Heat 2 minutes longer until warmed

### Let's Play Princeton Trivia!

Question:

How was Whipsaw Creek named?

#### Last Week:

Kate's Rock is the old name for Bromley Rock. Kate Bromley lived in a log house about a mile East of the Rock.

Brought to you courtesy of: PRINCETON MUSEUM

PROVINCE OF BRITISH COLUMBIA MINISTRY OF FORESTS

#### TIMBER SALE LICENCE A71307

Take notice that, pursuant to Section 20 of the Forest Act, timber sale licence A71307 is being offered for sale by BC Timber Sales, Kamloops Business

Closing Date: March 24, 2005 at 11:00 AM

Geographic Location: Murray Creek (West of Spences Bridge)

Field Unit: Cascades

Estimated Volume: 8,252 cubic metres, more or less Term: 16 Months

Logging method: This timber sale licence has been designed for harvest using a conventional logging system. The use of other systems may be subject to the Forest Practices Code of British Columbia Act and its regulations.

Upset stumpage rate: The upset stumpage rate was determined by the market pricing system and is applicable only to coniferous green sawlog grades.

Upset Stumpage Rate / cubic metre for competitive volumes:

Timber Mark Product Volume A71307 Sawlog 8,252 \$26.10

Species percent:

Timber Mark 0% Species A71307 Lodgepole Pine 97% A71307 Douglas Fir 2% A71307 Spruce

This timber sale licence is fully developed.

Tenders will only be accepted from individuals or corporations registered as a BC Timber Sales Enterprise in Category Any.

This licence is subject to, among other things, new maximum term limits and extension fee and surrender provisions.

Applicants are advised to carefully consider the impact of these changes when formulating their bids. Further information on these changes may be found in Advisory Bulletin 08/03/04.

Applications will be accepted by the Timber Sales Manager, Kamloops Business Unit, 1265 Dalhousie Drive, Kamloops, BC V2C 5Z5.

There is additional material that the applicant must consider in their application. This material which includes application forms and other information about the TSL can be obtained from the above BC Timber Sales Business Area Office or via the Internet at: http://www5.for.gov.bc.ca/notices/init.do.

### my turn

#### At times this is Ground Zero

Conversations started around our coffee machine are quite interesting at times.

We suppose it's the same in any office. There's talk about whatever the hot button issue of the day may be.

Conversations around our coffee machine have centred on the word 'progress' and why it seems to have left Princeton behind.

Don't get us wrong, there have been a lot of good things happening in and around our community for years, but not the kind of progress experienced in Keremeos or Merritt.

Why is progress not taking shape in Princeton like it has in these other nearby communities?

We believe a lot of it has to do with unity. In Merritt - or so it seems - everybody is heading in the same direction. The same can be said about how things appear to be going in Keremeos.

Princeton's Town Council has indicated there will be a consultant coming to town very shortly to examine why Princeton is stuck in a rut.

We can save Council a lot of money right now with a simple answer: there is no common goal, therefore there is no unity within the community.

With all non-profit groups, residents and businesses working together for the same things, progress will take place.

In order for this to happen, it has to come from the top and for us that means Town Council.

Hiring a consultant to tell us what we already know is a waste of taxpayers money.

Having Town Council actually direct the community into the future is money well spent.

It has to start now and it has to involve everyone. All clubs, organizations, businesses and residents have to be a part of the process and all on the same page.

It can't be done over a cup of coffee.

Can it be done in Princeton? Of course it can, and it will if someone figures out how to drive it.

Town Council is currently in the drivers seat, and maybe this consultant will teach them how to read the map that'll lead to progress.

### Lali downloads more on BC Liberals

Dear Editor;

It is evident local Liberals are in panic mode and are desperately hoping voters will forgive the mean-spirited and scandal-ridden government of Gordon Campbell on Election Day. After 4 years of being Yale-Lillooet's M.I.A. (Missing In Action) David Chutter has miraculously been found.

Clearly he is delusional, as he tries to take credit for my accomplishments, like the 4-laning of Highway 97C near Merritt that he so viciously opposed in 2000 when I was Minister of Transportation. Shame. Since becoming a Liberal candidate Lloyd Forman's only contribution to the political debate has been gobbledegook and personal attacks hurled at me. Shame.

If my critic is looking for lies he need not look any further than his beloved leader Gordon Campbell, the Master of Despair and Deception.

Gordon Campbell deliberately misled B.C. voters in 1996 and in 2001 when he said he would not privatize BC Rail, BC Hydro, ICBC, BC Liquor Stores, and BC Buildings Corporation. He also tried to sell the Coquihalla Highway.

Also, for all his misleading public comments last month Liberal supporter Wayne Schindler at least admitted to one thing: that under Gordon Campbell and the Liberals the "last four years have been brutal and have been painful for all British Columbians". Thank you, Mr. Schindler. At long last we have at least one Liberal who sees Gordon Campbell and

his government for what they truly are: "brutal and painful".

Gordon Campbell and the Liberals have "brutalized" and caused "pain" to all British Columbians, especially to women, children, seniors, the disabled, aboriginals, immigrants, the working poor and the middle class. The mean-spirited Premier Campbell saved his worst attacks for the people of the so-called "Heartlands". Mr. Campbell's brutal and painful carving knife has turned the Heartlands into the "HURTLANDS".

Health Care is in shambles under Mr. Campbell and patients are dying in hospital wait rooms. Education is being systematically destroyed by the Liberals due to the closure of 113 schools, teacher lay-offs, increase in class sizes, and record tuition fee hikes. ICBC and BC Hydro rates have jumped 48% since 2001. Incomes in B.C. have declined drastically, down from 14% above the Canadian average in 2001 to 2% below the average today.

Furthermore, according to Stats

Canada, the B.C. job creation record since Gordon Campbell took office in May of 2001 is the second worst in Canada. Only Newfoundland's is worse.

However, there are some "firsts" for B.C. that Gordon Campbell and the

Liberals are proud of: gang-related police raids of senior Liberal ministers, staff offices at the Legislature, the sale of BC Rail under allegations of massive corruption involving influence-paddling, the Premier being convicted of drinking and driving, a criminal act in B.C., and much more. Voters don't trust the arrogant Gordon Campbell and his scandal-prone puppet government.

In the local Liberal candidate the arrogant Mr. Campbell has found a Yes Man, someone who like Mr. Chutter will put the interests of the Liberal Party before the issues and concerns of the people of Yale-Lillooet. I will proudly put up my record of achievement against any Liberal candidate in British Columbia between now and the election.

Harry Lali, NDP Candidate

### Website figures grow

The Similkameen News Leader website recorded a total of 34,054 hits in February 2005.

A total of 13 countries were recorded viewing the website including Canada, United States, Great Britain, Australia, South Africa, Israel, South Korea, Germany, Guyana, Nigeria, Denmark, Brazil and Belgium.

The top five pages viewed on the

website for the month were: Home Page, Classified Index Page, News Page, Classified Page and Court News Page.

The News Leader website was launched in late December 2004 and can be viewed at http://www.thenewsleader.ca.

The stats are compiled by Advanced Web Statistics 6.3 created by awstats.

#### **Current Comment:**

### No French Immersion reflects our economy

Dawn Johnson editor@thenewsleader.ca

When the School Board turned down French Immersion, parents asked, "What do we have to do to bring this back to the Board? What will it take to get French Immersion?"

The School Trustees did not answer this question, but I know the answer, and I will tell those parents what it is.

Fred Kuhn touched on one aspect of the problem when he challenged Council to do what is needed to make Princeton grow.

There is a link between economic development French and Immersion. Parents are not going to have French Immersion until there are more good jobs for young families in Princeton, because it is the young families who create the number of children needed to include French Immersion in Princeton. The school district budget is based on the number of school-age children in the district. The fewer the children, the lower the budget. As the School Board Chair noted, enrollment is declining rapidly. Unless good, full-time, permanent jobs increase, young families will not be moving to Princeton to increase enrollment.

People tend to look at population numbers without seeing what those numbers express. Yes, we have the same number of people in Princeton area now as we had 10 years ago, but the number over age 40 is the majority.. People over age 40 tend not to increase the number of school-age chil-

If you are a family with schoolage children, or a young couple planning to have a family, you need to get off your butt and get involved in the kind of activities which will promote economic development in Princeton. Meet with Michael McLaughlin and ask him where the potential exists for economic development. Look at the kinds of industries that produce permanent jobs with good pay, and then help him make those jobs available here.

Look at your Town Council . How many of them have or will have school-age children? Will they, as a group, promote the kind of economic development which will bring permanent, high-paid jobs to Princeton? A civic election is coming this year. You may want to change who is elected.

Your School Board is not responsible for economic development, it is responsible for providing education, within budget, for the children enrolled in local schools. This Board of Trustees has closed two schools in the past five years because there are not enough children in our area. Focus on getting more children before you focus on getting more programs.

I believe in children learning French. I began learning French in Grade 7, and it served me well, although I no longer speak it well due to lack of practice. I believe in expanding children's verbal and literary skills by whatever means possible, and learning another language does that.

Learning another language is not the problem, and lack of money for French Immersion sustainability is a reflection of the real problem: population imbalance. Too high a percentage of our population is over age 40 and more concerned with retirement than getting out and getting involved in

activities that promote our community as a place to find a job and raise a family.

Despite all of these people who have more leisure time than those raising a family, their level of participation in local community initiatives is not in proportion to their numbers. I see organizations begging for more members and yet membership is declining. Vermilion Trails Society is a good example. They would like a lot more members who could work on trail projects and promoting the trail, which would bring many more people to our area and develop our potential to attract new businesses. They beg for members, yet no new members come forward.

As I am now retired, I can safely point a finger at all these able-bodied old folks who do very little for the community except live here and spend their money here (when they have to). They are primarily self-involved or involved only with their own age group. While this is unhealthy for them, it is very unhealthy for our community. To conclude: this is why we cannot have French Immersion.

#### Have something to say? We'd like to hear it!

### Heart Food

by Dave Machin

AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA God really desires to answer your prayers, in fact He is more ready to answer your prayers than you are to pray. He is waiting to hear you call out to Him, and has given specific instructions in scripture about how to pray to get results. Jesus said in Matthew 6:7 "but when you pray, use not vain repetitions and the heathen do, for they think that they shall be heard for their many words." A repetitious prayer of empty words will not bring results, nor will a beautifully fashioned prayer, get the ear of God. Then what kind of prayer does God answer? A prayer prayed in faith. Praying in faith simply means that you have the confidence that God is willing to use His power to answer your prayer. Expecting results is the key to success in prayer, I'm just hoping and praying won't get you anywhere. If you are hoping to get results, you'll never receive from God. You need to realize that hoping to get is not the same as believing you receive. The promises of God will however bring you hope in hopeless situations, but hope has no substance in itself, faith has substance. Hebrews 11:1 says "Now faith is the substance of things hoped for, the evidence of things not seen." Faith brings the things hoped for into reality and gives them substance. Faith is always now, hope is always in the future. The number one rule in praying for results is this: base your prayer on God's word, why? Because God's word is reliable, you can trust Him to fulfill His word. Would you trust your best friend a friend who had never let you down, to do what he had promised to do? Would you believe and expect him to keep his word? Of course you would. God wants to become your best friend, so taste and see that the Lord is good. He can never become that to you if you will not taste. It's your choice! What do you have to lose? Only all your failures, disappointment and unfulfilled expectations. It's one prayer away! God is good! His word is good and good all the time.

Yale-Lillooet NDP Candidate Harry Lali, right, was meeting residents outside the post office Thursday.

Letter To The Editor

### Chutter referred to as 'our invisible MLA'

Dear Editor;

Is it true there was a sighting of MLA Dave Chutter in Yale-Lillooet last week? Is it true that after 4 years of complete silence on every issue important to this constituency that Dave Chutter has finally found his voice? I was beginning to wonder if past "sightings" of Bigfoot, the Ogopogo, the Loch Ness Monster and our Invisible MLA were all just fairy tales. We thought you were permanently lost in the wilderness of BC politics.

I gotta tell you Dave, you have some nerve telling people that former MLA Harry Lali didn't run in the last election because he was afraid to "avoid losing an election". The only one who has shown a yellow stripe down his back is you. How come you aren't running in the next election? You weren't "avoiding losing" a nomination, leave alone an election by any chance, Dave? How come you were always afraid to go to town meetings and meet with organizations and individuals? You weren't

afraid to meet with chambers-ofcommerce and Liberals. Why's that? How come you were never in your office to serve the people who elected you? Harry Lali was always available.

The people of Yale-Lillooet are genuinely proud of Harry Lali's record of achievement, his hard work. courage and dedication in looking after the interests of all his constituents regardless of political stripe. Harry brought more projects, programs and services to Yale-Lillooet in just 10 short years that the previous 4 MLAs did in 40 years before him. And every community benefited. Under you and the Liberals, Dave, every community in the riding lost programs, services and jobs. You and the Liberals have gutted health care, education and social services in small-town BC. Your personal incompetence is legendary, Dave. Heck, you didn't even know that all the courthouses in your riding had been cut until the Mayor of Hope told you about it. Harry left a legacy in Yale-Lillooet, "a record of rebuilding and hope for the future". What's your legacy, Dave: Despair and Destruction? You do not have a single project or program to point to. None! Zero! Zilch! Nada! A big, fat goose egg, Dave! Harry's has dozens.

Then again, Dave, you were only 'half there' as MLA anyway. Your own staff told people you had a "full-time job as rancher, too" whenever someone went to your office for help. We, the taxpayers, paid you \$100,000.00 per year salary and benefits included. That's \$400,000.00 over 4 years only to have you show up for work less than half the time? It is ludicrous and a little hypocritical to hear you fake sympathy and compassion for you constituents as you are heading out the door. Especially when all you've done is sit play hide-and-goseek with the people of Yale-Lillooet. What we really needed was a champion and a voice to stand-up for us against the meanspirited attacks of Gordon Campbell and your Liberal party. If you really care for British Columbians, like you would desperately have us believe, then give back the \$200,000.00 of the salary and benefits you DID NOT rightly earn as a "half-time MLA".

And when you leave don't let the door hit you on the way out.

Letter To The Editor

### Reader picks apart Westerman's RCMP letter

I could not let Mr. A. Kent Westerman's letter go unchallenged.

I will attempt to address the points Mr. Westerman raised by using facts and my own informed opinions.

I will comment on the relevant issues in the order that they appeared in Westerman's letter.

1. The Princeton RCMP detachment is commended by a sergeant, not a "high-ranking" officer.

2. Kurt Lozinski, like all other police officers, is charged with upholding and enforcing the laws of the land, not just the ones "he (they) feel(s) like". If one checks our crime and arrest statistics, Lozinski and his staff have compiled an enviable record.

3. If Lozinski suggested that Westerman "take a petition to put a bylaw in place that is already a law", where is the petition? What law is the writer alluding to?

4. The Princeton RCMP members have no morale problem that I am able to detect. They all speak highly of Lozinski. Could this happen if they were bad-mouthed by their boss (he is saddled by a bunch of rookies")?

5. The Princeton detachment has, I'm sure, angered many "entrepreneurs" who grow agricultural products in their homes for fun and huge profits. This hardly gives one the right to accuse a Mountie of sampling the evidence. If you make an accusation, you had better have the evidence to back up what you say.

6. Princeton enjoys three fast-food restaurants; which has a "PC simulator" in it? After a diligent search, I couldn't find this simulator.

7. What is this group referred to as the "MOMS or POPS"? Could the writer be referring to COPS (Citizens on Patrol)? COPS is the only local group that uses an acronym similar to the ones used by Westerman. COPS operates as

extra eyes for the RCMP in order to give this under-staffed detachment a better chance of providing the

protection wanted by taxpayers. I can only assume that Mr. Westerman's letter was written in a fit of pique.

Now that he has had a chance to reflect, will he write a retraction?

- Bill Macnab

**Letter To The Editor** 

### Joe visits the RCMP issue

Sir,

In our daily mundane lives for we ordinary folks our extended families may be our neighbors, the people we work with, bowl with, knit with, play crib with, have a beer with, or go to church with.

But there are also those extending family members who have a profound affect on shaping and maintaining our well being, such as the health care people [including the mopsters], the fire and emergency folks, the teachers, and law enforcement people. Canadians expect to partake in a free, happy lawful lifestyle in a safe environ-

On the front lines in Princeton to ensure this order we have the " RCMP" - their motto - "maintain the right." Easily said but sometimes terribly costly and painfully tragic to carry out.

Recently Princeton detachment's Sgt. Lozinski was quoted in the local media "every day we put our lives on the line so that each and

every person can feel safe and secure."

Following this prophetic statement who would have ever imagined four rookie RCMP officers would be shot to death in Alberta, reportedly concerning marijuana[ nothing new for Princeton].

That would have wiped out half the Princeton RCMP detachment. What a terrible, terrible, terrible thing to happen to that part of our special extended family which has allowed the rest of us to carry on in our simple ordinary life.

One could argue it's because of our flawed justice system. - true so - with an election coming up we have the grave responsibility to step back and make a informed

How do we make it up to them and their families? They gave "the ultimate "- that is the eternal question. -- "no greater honor than to lay down your life for your fellow man."-

Regards, Joe Schwarz, Princeton

### Westerman's dog speaks!

I know my master is some what illiterate, I lay by his feet while he struggled to write the last letter. He bemoaned the fact that a lady thought he was childish, when all he wanted to do was protect me, and my friends in Tulameen. We have a hard time trying to learn all these new skills that people expect of us.

Especially when uncontrolled children try to run us over. The other day when my cat was sleeping I grabbed the remote and turned on the Knowledge Network, and lo and behold this program was about the pen was mightier than the sword. I jumped up nudged my master. We must go for a walk master. The last time we went for a walk, I am sure I saw one of those pens on the street. If you had one of those pens you would not be unarmed like the Sgt. says. You could throw the ball better if you had arms and we could run and play.

The other day he took me to town, he said he had to talk with some people in this building, he told me they were angry at him for talking harshly to that boy who almost ran us over. I pleaded with him to let me come in with him, as I had a few choice comments to

make on the subject also. But I had to stay in the truck and he would not be long. Ya right by the time he got back I had all four legs crossed and my eyeballs were floating. I asked what took so long so he told me half of the people of Princeton were there and he had to wait his turn. Being the curious dog I am I asked what their problem was, he told me they were botany students and the Sgt. did not like that. Man is he ever picky. I then asked what happened to him, he told me the Judge was not happy with him for talking harshly to that boy and he would have to behave himself for 9 months and do 25 hours of comedy work

Boy he talks harshly to me when I misbehave and I don't get all bent out of shape. But I guess that boy does not have a master that cares for him like mine. Well at least the Sgt. said he was protecting us so I guess we will be getting patrols out to Tulameen. Master just shook his head and told me they were to busy at their side jobs over in Oliver but one day we will get a full service detachment back.

Please Elisabeth don't blame my master he only wants the best for me.

Winston Westerman, Tulameen

Seniors pay only \$ 21.75!

See us for details at 226A Bridge Street, Princeton

Over 400 pounds of groceries surround Curves operator Henriette Itterman. Curves is currently conducting a food drive where donations of food will earn new members discounts.

### Wood Stove exchange program returns

The Great Okanagan Wood Stove Exchange Program returns for its fifth annual four-week run. The wood stove exchange program gives consumers with older inefficient wood stoves the opportunity to replace them, at a 15% discount, with new EPA/CSA emissionapproved wood, gas, pellet or electric appliances. Customers purchasing pellet, electric or gas inserts for open-hearth fireplaces receive the same discount.

Cash rebates offered by participating manufacturers, distributors and retailers range from \$100 to \$500. Consumers receive the rebate when they surrender their old stove for recycling. No trade-in is required when purchasing an open-hearth fireplace insert.

The past four wood stove exchange programs have seen a total of 567 old wood stoves traded in for new cleaner burning EPA emission-approved appliances, which has meant a reduction of smoke particulate of approximately 24 tonnes per year.

A wood stove change out program has been identified by Okanagan Valley air quality and health officials as a way to quickly move cleaner and more fuel-efficient stoves into local households.

Approximately 21% of Okanagan

homes (21,654 residences) have an indoor burning appliance; 86% are inefficient conventional wood stoves or masonry fireplaces. These wood burning appliances release approximately 478 tonnes of smoke particulate into the Okanagan Valley air each year.

The Wood Stove Exchange Program is a limited time offer, which ends March 31st.

For more information, contact Irly Bird, the Princeton Builders Mart, at (250) 295-6938.

#### What Happens To Your RRIF After Death? Part 2

The previous article touched on how to defer some of the tax liability incurred after death. This article provides additional information on what happens to your RRIF after death.

In most cases, a "qualified beneficiary" person is your sponse, or common-law partner. But you can also leave your plan assets to a minor dependent or to a disabled child or grandchild of any age that was financially dependent on you at the time of your death.

Minor Dependent - You'll manage to avoid tax if you leave your RRIF assets to a child under the age of 18 who was financially dependent on you at the time of your death. Financially dependent means that person earned less than the basic personal amount. In this case, the child cannot transfer the proceeds to an RRSP, but instead can use the proceeds of the plan to purchase a registered annuity that pays amounts every year to age 18.

Disabled Child or Grandchild - You can also leave your plan assets to a child or grandchild of any age, who was financially dependent on you at the time of your death due to a physical or mental infirmity. In this case, your dependent can transfer the assets to his or her own RRSP or RRIF.

Take the time to consider the impact your death will have on your retirement assets and your estate. With careful planning you can ensure you leave a lasting legacy for your family. Clients are advised to seek advice regarding their particular circumstances from their personal tax advisor.
