

Jamie Vange does his best to hold on for eight seconds during the BC Professional Bull Riders Finals hosted by Princeton Rodeo Club at Princeton Fairgrounds September 13th and 14th.

Rodeo Club scores with bullriding finals

Princeton Rodeo Club took a huge gamble hosting the BC Pro Bull Riders Finals September 13th and 14th but the club scored 100.

Good weather, high attendance and the top bull riders in the province up against the toughest rodeo stock in the country made for an incredibly successful event.

Of the 17 cowboys who participated, there were only five scoring rides in the first round on Saturday and three in the second round.

On Sunday five riders managed to score in the first round while five held on for the required eight seconds in the final round.

Saturday, September 13

Princeton continues to improve access

by Ken Carlson,

On behalf of the Accessibility Awareness Committee

The Princeton Accessibility Awareness Committee is pleased to report the results of our past year's activities. The goals of our committee are to raise awareness regarding accessibility issues and to move our community, Princeton, towards becoming an inclusive, accessible place for everyone. Are we there yet? No, but we are moving in the right direction!

Accessibility is an important issue. There are many reasons to make our community and society more accessible. We have an aging population, people are living longer, live independently longer, and our elderly are more active and demand more of life.

Our physically challenged are living more active lives and have reached and are reaching for horizons previously thought impossi-

ble.

We were pleased to be involved in several accessibility improvement projects in Princeton. Thank you to 2010 Legacy Measuring Up Initiative for providing us with a grant of \$15,000. The Measuring Up and Inclusion Grant has allowed us to fund several specific initiatives to improve accessibility and the quality of life for many people in Princeton.

We were able to provide partial or full funding to the following organizations: the Princeton Tourist Information building, \$234 for washroom grab bars; the Princeton Skills Centre, \$128 for washroom grab bars; Princeton Community Services, \$2,700 for an automatic door opener, Mary Anne Apartments, \$3,000 for an automatic door opener; Vermilion Court, \$610 for accessibility improvements; Princeton Family Place, \$65 for washroom grab bars; the Royal Canadian Legion, \$2,000 to help fund the construction of an accessible washroom; Riverside Centre, \$2,000 to help fund the construction of an accessible washroom; the Senior Citizens' Hall, \$2,435 for washroom renovations;

and the Senior Citizens' Hall, \$1,100 to help fund the purchase of automatic door openers.

Also, we offered Ron Harkness and Peoples' Pharmacy a grant to install an automatic door opener. Very generously, Harkness provided most of the funds for this improvement. We are appreciative that School District #58 acted on our request for a change in the designated parking area at Princeton Secondary. And we want to acknowledge Princeton Hospital for the construction of the accessible washrooms near their lobby area. Thank you to everyone for helping make Princeton more accessible.

Accessibility is not a one year project and there are many issues and concerns we are currently pursuing or will pursue in the future. One concern is the condition of our sidewalks and the sidewalk to street transitions. We were hopeful that following the walk-about with

Town Council members in May of 2007, and the subsequent report to Town Council, that some positive action would have occurred. Unfortunately, not much has changed; our sidewalks and transition areas remain hazardous to pedestrians.

In July 2008, we presented Town Hall with a detailed assessment of sidewalk conditions on Bridge Street. In the past two weeks, we have completed a detailed assessment of Vermilion Avenue and all the streets that intersect with Bridge Street and Vermilion Avenue. We believe that all the hazards need to be fixed, but recognize that there are always constraints such as funds and available workers.

Therefore, at the request of Town Hall, we identified Bridge Street from Veteran's Boulevard to Angela Avenue; and Vermilion Avenue from Bridge Street to Second Street as our first priority, not necessarily

based on the degree of hazard, but rather the higher number of people that walk in these areas. Town Council is now in possession of this report.

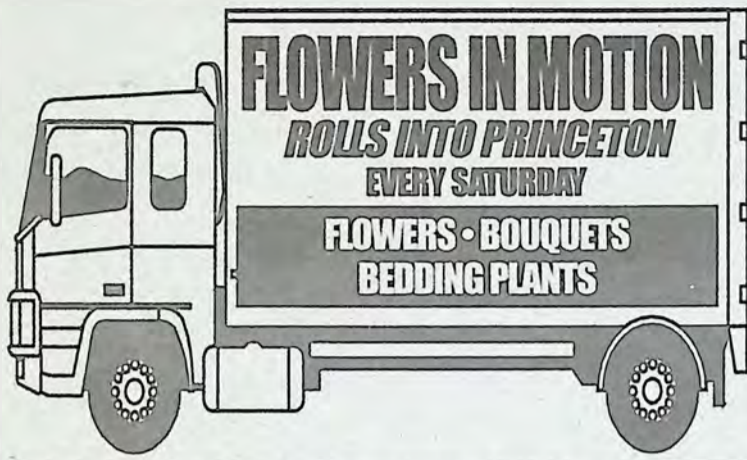

The pedestrian crossing at Highway 3 and Burton Avenue is an issue we have been pursuing since January 2008. We have written two letters to the Operations Manager for the Ministry of Transportation for our region expressing our concern that pedestrians face an undue risk at this crossing.

Response time was very slow, but on August 12, 2008, we were informed that the Ministry of Transportation did not see the need to install a traffic light at Highway 3 and Burton due to low vehicular traffic. We believe, that regardless of the volume of vehicular traffic, the nature of this highway crossing makes it hazardous. We believe that continued on Page 9

Princeton Museum honoured 'The Year of the Veteran' with this display in 2005.

Museum gears up for record

Visitors to Princeton Museum will probably reach a total that will set a record, says Operations Manager Nick Mills. He reported to the Museum Society on September 9, indicating nearly 5,000 visitors had toured the museum to date. Comparing this year to previous years, and considering the museum would be open another six weeks, Mills estimated the year end total would be close to 6,000 visitors, a record number.

The BC150 tea party was a huge success, and the displays in downtown windows were a great attraction as part of the provincial celebration at the local level. The museum provided the display materials.

The CD's of songs about Princeton are selling well at the museum. Anyone wishing to purchase these as Christmas gifts should do so

before the closing date in October.

Planning is underway for the new library. These plans impact on the Museum Society, as expansion is planned for the museum when the library has moved. Members are being asked to think about how to relocate the museum during the expansion. There is no way the museum can display anything dur-

ing the renovations. There will be much more discussion on this topic.

There will be only two more meetings before the annual general meeting in January. The meetings will be on October 28 and November 25 at 2:30 PM at the Chamber of Commerce meeting room.

PXA still working hard

Princeton Exhibition Association is still in full work mode. The new gate house and the new power house are nearly finished, but there are a lot of other jobs that are done as part of regular maintenance.

Dave Gould was thanked for putting a new door on the Ag barn. At the same time, Gould raised issues regarding the condition of the racetrack where he trains his horses.

He complained about the lack of consideration for horse trainers, e.g. rocks on the track and too much traffic driving over the track. Efforts will be made to rectify the situation. This has been a problem for many years due to the multi-purpose nature of the fairgrounds facility.

Area H has contributed \$2,000 to

the PXA for expenses.

People bringing horses to the fair did not seem to know about stables and corrals at the Ag barn. It was suggested a sign be put on the gate indicating visiting horses are welcome to use the facility.

Councillor Jim Manion, who is Town Council's liaison with the PXA, invited PXA executive members to attend a meeting at Town Hall to hear a presentation from ATV/BC regarding ATV events in the future in the Princeton area.

The next PXA meeting will be held in the fairgrounds office on October 14. Princeton Fire Department will be contacted to provide information as to whether or not they intend to host a Halloween party at the fairgrounds this year.

Posse add internet, lose home opener

The Valley First Princeton Posse hosted their home opener of the 2008/09 KIJHL Season September 13th against Fernie Ghostriders.

Despite the many other activities taking place around town over the weekend, which included the BC Professional Bull Riders Finals, Princeton Rotary Club annual Taste of Ales and a R/C Jet Rally, Princeton Arena was filled with hockey fans anxious to get a look at their new team.

Princeton opened the scoring at 9:19 with a goal by Dylon McKinlay off a pass from Spencer Brooks.

The Ghostriders tied the game with a power play goal with 2:05 left in the frame.

Fernie added two more goals in the second period to take the lead but the home team did not give up. In fact, Princeton continued to put pressure on the Ghostriders and added their second goal of the game on the power play only a minute into the third period.

Evan Weaver got the goal with assists going to Leeland Malkinson and Brody Brewster.

Fernie replied 13-seconds later and added three more goals before Princeton managed to score another of their own with 1:26 left in the game.

Nick Ceconi scored the marker with assistance from Nolan O'Brien and Jared Hidber.

Although Fernie won the game with a score of 7 to 3, the stats sheet tells a slightly different story.

Princeton had pelted the Fernie net with 41 shots compared to 32 by the Ghostriders, and Fernie took 22-minutes of penalties compared to Princeton's 10-minutes.

There were no fights, and both teams played a solid, action-filled game.

The game also marked the first time Princeton had broadcast play-by-play from Princeton Arena on the internet.

Posse Assistant Coach Kevin Robillard gets the credit for setting the system up which will be used at every home game this season.

Former Princeton Broadcaster George Elliott will be the 'internet voice' of the Posse.

"In my radio career than spanned just over 22-years, I had never done a play-by-play before so I was pretty excited when the team approached me to see if I was interested in giving it a try," says Elliott who is the Owner/Publisher of the Similkameen News Leader.

"It's going to take me a couple games to nail all the names, but it felt pretty good for a first-time effort and I think anything the club can do to help promote the team and the community is a good thing and, quite honestly, I'm proud to be part of it."

The club has also added a new

'family friendly' pricing for game admission this year.

Single tickets are \$10.00 for adults, \$7.00 for students and seniors with children under 6 admitted to the games at no charge.

A family of 3 (1 adult, 2 students or 2 adults, 1 student) will pay \$20.00 and a family of 4 (2 adults, 2 students or 1 adult, 3 students) will pay \$27.00.

The goal of the club is to make ticket prices more affordable for families, especially on two-game weekends.

keremeos and area news

Similkameen Country Manager Colleen Christensen says the moment the information on this sign went up there was an immediate buzz around the community. Inquiries have been coming in from throughout the Okanagan and Similkameen about Sizzle. Christensen told the News Leader the buzz is because The Cruzeros are coming to perform in a free live concert as part of the pepper festival. *

News from Village Council

The Village of Keremeos has released 'media highlights' from the September 8, 2008 Regular Council Meeting of Council.

- Council heard from Mary Ellen Heidt, General Manager of Community Futures Development Corporation of Okanagan Similkameen (CFDCOS) who provided an overview of their 2007-2008 annual report. Several issues were highlighted by Heidt including the fact that Jeff Rowe, who was also in attendance, serves on the Board of Directors and is also a member of Community Futures' loans advisory committee. She noted that CFDCOS was started with a \$1.5 million grant which has been invested and has grown to \$4.5 million.

Community Futures is a higher risk lender than are banks and other lending institutions, and out of \$1.4 million granted to 30 businesses in 2007, \$73,200 of that was infused into the Keremeos area to 5 start-up businesses. 14% of all loans in the last 5 years have been allocated to Keremeos area start-up businesses.

Heidt noted that CFDCOS is focusing on three major initiatives, those being affordable housing, transportation and regional economic development. She cited the example of the Town of Oliver recently identifying some

land within their jurisdiction, and partnering with CFDCOS to look at different models of affordable housing complexes.

- Council heard from Wanda and Ed Chipeur, property owners of a 9 acre parcel of land within the Village that is also subject to the Agricultural Land Commission rules as it lies within the land reserve. The Chipeurs had requested support from Council in July 2008 for the subdivision of their land within the reserve, but Council had denied their request.

They approached Council on September 8, 2008 to restate their request and provide additional information, asking Council to reconsider its earlier decision. Council agreed to consider the September 8, 2008 request at its meeting of September 22, 2008.

- Council received a letter from the BC Egg Marketing Board that raised concerns about a resolution being considered at the upcoming Union of BC Municipalities convention in Penticton.

The resolution urges the provincial government to enact a ban on conventional egg farming due to apparent poor conditions for the animals. The BC Egg Marketing Board's letter requests that Council give its full consideration to the resolution going forward to UBCM.

- Council appointed an additional

staff member of SOS Security Services Ltd. as a Bylaw Enforcement Officer for the Village. An additional appointed officer provides more flexibility for the Village in enforcing its bylaws.

- Council passed a resolution to endorse the Village's participation in the Measuring Up Initiative, a 2010 Legacies Now initiative. Measuring Up is a program which, typically through the services of a volunteer committee, assesses the amenities within a municipality that provide accessibility to persons with disabilities, and makes recommendations to the municipality for improvements.

- Council gave three readings to a bylaw amending the Village's Mobile Business License Bylaw to amend the list of participating municipalities to remove the District of Sicamous and add the District of Westside.

The mobile business licensing scheme allows those business operators who may do business in one or more municipality within the participating area to purchase a separate license in their 'home' municipality that allows them to do business in all the other participating municipalities. This eliminates the need to purchase separate business licenses in each jurisdiction that requires one.

10 lbs lighter removes 40 lbs of stress from your knees

(NC)—Did you know that by losing ten pounds of excess weight you are relieving your knee joints of 40lbs of stress? That same 10lbs also reduces your risk of needing a joint replacement. Excess weight can increase your chances of developing osteoarthritis, the most prevalent form of arthritis in Canada.

There are ways to reduce the risk of osteoarthritis. Implementing 30 minutes of moderately intense

physical activity, such as swimming, walking or stretching, three times a week is the most important defense. In making this effort, you can take steps toward a healthier lifestyle, while decreasing the impact of osteoarthritis.

Steven McNair, the President and CEO of The Arthritis Society, says, "Our goal is to encourage Canadians to take an active role in managing their health. The Arthritis

Society's Lifestyle Makeover Challenge is a program that provides people with resources and motivation to get started. Canadians need to know that it is possible to fight arthritis."

The Arthritis Society's Lifestyle Makeover Challenge has already supported thousands of Canadians to make lifestyle changes that enable them to manage or delay the onset of arthritis. The Challenge begins as a four-week program that encourages Canadians to become more active and eat healthier. The approach also addresses, through exercise and stretching, how to reduce the pain and stiffness of osteoarthritis.

"We support the efforts of our partners, such as The Arthritis Society, in helping Canadians realize more active, healthier lives," says Kelly Murumets, President and CEO of ParticipACTION, Canada's voice and champion for physical activity and sport participation.

"It's never too late to make physical activity a part of one's life. Start moving more and reap the benefits!"

Canadians who wish to take on the Challenge can sign up at www.arthritis.ca/lifestyle. Registrants receive a welcome kit that includes a waist tape measure, a contract, an activity tracker, a list of exercises, and a nutrition and arthritis brochure.

Create a little muffin mania in the morning

(NC)—Fresh out of the oven, nothing beats a delicious muffin. And Imperial Margarine (www.homebasics.ca) has the recipes your kids can help make one blustery day this season.

Let your kids choose from these scrumptious options: Banana Date and Walnut Muffins, Peanut Butter and Jelly Muffins, Pumpkin Crunch Muffins, Caramel Apple Muffins, Blueberry Banana Muffins, Cinnamon Coffee Crumb Muffins and this berry-licious recipe for Oatmeal Berry Burst Muffins.

Oatmeal Berry Burst Muffins

Ingredients

- 1 1/2 cups all-purpose flour (375 mL)
- 3/4 cup quick rolled oats (175 mL)
- 1/2 cup packed brown sugar (125 mL)
- 2 tsp baking powder (10 mL)
- 1/2 tsp salt (2 mL)
- 1/2 tsp cinnamon (2 mL)
- 1 cup fresh or frozen (250 mL)
- 1 cup milk (250 mL)
- 1/2 cup Hellmann's Real

Mayonnaise (125 mL)

- 1 egg

Directions

- Preheat oven to 400°F (200°C). In a large bowl, combine the flour, oats, sugar, baking powder, salt and cinnamon. Stir in berries. In medium bowl beat together milk, mayonnaise and egg. Add liquid to dry ingredients and stir just until combined. Spoon into 12 paper-lined or greased muffin cups, dividing evenly. Bake 20 to 25 minutes or until muffin top springs back when lightly touched. Makes 12 muffins.

Let tomatoes heal you

There are very few people who cannot eat tomatoes. Two hundred years ago, settlers coming to North America believed tomatoes were poisonous, but North Americans today eat more tomatoes than any other vegetable. Everybody knows how much we savour tomatoes, and now is the time to enjoy the season of the last tomato harvest.

Tomatoes are remarkable in their healing power. An old wives tale is that if you have a boil or infection, even blood poisoning, you can put a poultice of fresh ripe tomato over the trouble spot and it will draw the infection out. The old wives were right!

Beyond the open sores being healed, tomatoes offer a red colouring that helps stop free radical before they can do any damage. The red colouring found in tomato skins helps fight cancer, and help prevent cataracts and prostate cancer.

Tomatoes are the smoker's best friend, containing two compounds that help block the dangerous effects of inhaling tobacco smoke.

If you want to enjoy a healthy active life over age 60, you really should have plenty of tomatoes in your diet. Some research indicated that the red colouring in tomatoes also helps people stay active longer, even up to 100 years of age.

Tomatoes contain a lot of Vitamin C. Eat three a day and this is all the Vitamin C you need in a day. Tomatoes contain Vitamin A, which boosts immunity. Other nutritional compounds in tomatoes include potassium and a small amount of iron.

While eating fresh tomatoes is great, that red colouring that does so much for you can be better absorbed by your body if the tomato is cooked, and you will absorb it even better if you have a little fat with it, like olive oil. No wonder the Italians love their tomato sauce!

This is a good time to purchase tomatoes in bulk from the producers, as the price of field tomatoes declines at this time of year. You can preserve enough for the winter months at an economical cost. Tomatoes can be preserved whole, diced, made into spaghetti sauce or catsup. As the best red colouring is found in the tomato skin, leave the skin on the tomato when you preserve it. Tomatoes can be dried very easily, and freeze well, so even if you do not want to can them, you can still find a way to keep them for winter.

BC 150 YEARS The Best Place on Earth

The Great Fire of Vancouver
 INSIGHTS INTO BC'S HISTORY

Published by: Similkameen News Leader

by Nick Mills, Princeton Museum & Archives

June 13th, 1856, was a Sunday. A small crew of Canadian Pacific railway men was keeping their eyes on a small clearing fire they had set the day before. It was in an area between today's Hastings and Granville streets and they were clearing the ground of stumps and other forest debris near the new roundhouse.

The wind that day was strong enough to take the coal hulk Robert Kerr anchored off Deadman's Island and push her, dragging her anchor, down to Hastings sawmill at the foot of Dunlevy Street. Here, she was later to act as a refuge for people who had jumped into the inlet to escape the fury of the fire.

The reason the original clearing fire got away was a freakish squall and a sudden blast of wind from the West; it was strong enough to blow big trees over.

The wind blew flames and burning debris into the sprawling tinder-dry collection of homely wooden buildings that was the two month old City

of Vancouver.

Someone who saw the ominous black clouds of rising smoke began furiously ringing the bells of St James Church at Powell and Westminster Road, today's Main Street, but it was already too late.

For many it was the first warning of the fire. Soon there were the alarmed shouts of men running ahead of the flames to escape and trying to warn others, but the fire overtook them, leaping from treetop to treetop in the heavily forested area south of Hastings.

It descended with a roar on to the defenseless Vancouver. A fire-fighting steam pump purchased by the City would not arrive until August of that year. Fire-fighters had only axes, shovels and buckets.

Dozens of lives were claimed by the fire and the only structures not destroyed were a stone building in the West End, the Hastings Mill Store and a few structures along the bank of False Creek.

An estimated \$1.3 million was lost in destroyed property, but within four days new buildings began to appear. Shortly after the fire, \$6,900 was raised for firefighting equipment and a fire hall and water tank were constructed.

Vancouver's lone constable, one John Stewart, was joined by Jackson Abrey, V.W. Hayward and John McLaren when Mayor McClean appointed them special constables to assist in the aftermath of the fire, thereby creating the first police force for the City.

Fires in the new towns of the late 1800's were not uncommon, but what made Vancouver's unique was its speed. A City of about 1,000 wooden buildings was destroyed in less than 45 minutes, some say as little as 20. Details vary in the accounts of eyewitnesses, but all agree it happened with stunning suddenness. "Vancouver didn't burn", said one eyewitness, "It exploded!"

News from Princeton Town Council

Council awards recycling contract
J-R Contracting and Recycling Ltd. has been awarded a contract for recycling depot services extending to August 31, 2014. The first two years will cost \$47,550 + GST per year. Years 3 and 4 will cost \$54,682 + GST per year, and years 5 and 6 will cost \$62,884 + GST each year.

long contract, saying the contractor is investing in the depot and equipment. Accepted recycled materials will remain the same.

Deputy Mayor Maria Sadegur stated the recycling company is doing an excellent job.

What will Town do about dead trees?

Local residents wrote to Town Council expressing concern about

bug killed trees within Town limits. The trees hold the potential for wildfires.

Town Council advised that residents should know there is a Wildfire Protection Plan in place. Some dead trees have been removed, but the hot summer months are not the time to do it. Council is hoping to remove more dead trees before winter and in the spring.

CrimeStoppers celebrate 16 years

This month, South Okanagan Similkameen Crime Stoppers mark 16 years of stopping criminals. The organization depends on local sponsors and local participation to achieve its goals. The most important thing people need to know is: Crime Stoppers is effective.

Since 1992, the regional Crime Stoppers have received 4,917 tips leading to 617 arrests. Crime Stoppers has recovered 36 weapons, and has recovered \$1,551,075 worth of stolen property as well as \$6,779,354 worth of illicit drugs.

Accessibility report

..... continued from Front Page
pedestrian safety should be the determining factor. The crossing is also inaccessible. The traffic island for the activation button is not accessible to pedestrians during our snowy months, is always difficult to access for our less able, and is never accessible for people using a scooter or wheelchair. Highway 3 cuts a four lane swath through our community and the pedestrian activated light at Burton Avenue is our only marked crossing; and it is not unreasonable that pedestrians, including our less able, need to cross the highway. We have letters of support from the Town of Princeton and the RCMP; but were informed these letters were irrelevant. We have invited Kevin Falcon, our Transportation Minister, to visit Princeton and investigate the situation. We will continue to pursue this matter.

Our Committee will continue to work on improving accessibility in Princeton. Beyond working to

ensure the projects we have already started come to fruition, our committee has several projects to work on during the coming year. We have started an assessment of designated handicapped parking spaces and plan to make a report, with recommendations, to Town Council in the coming year. We are going to work on developing a booklet identifying accessible stores, restaurants, accommodations, and attractions in Princeton.

We will continue our work with the Town of Princeton to identify physical hazards in an effort to help make our streets safer for everybody, including our seniors and those who have difficulty walking. Improving accessibility is a long term project. We appreciate the support and encouragement we have received.

If you have a project idea, or comments on what we have done or what still needs to be done, or any other input, please contact us at Box 1960, Princeton, BC.

Vermilion Artists elected a new executive on September 11. Left to right: President Mary Bedford, Secretary Marjorie Holland, Treasurer Sue Alton and Vice-President Harvey Donohoe. Photo: Dawn Johnson

Artists host Annual General Meeting

Vermilion Artists held their AGM on Thursday, September 11th.

The President and Treasurer gave reports of a successful past year, highlighted by the ability to use the former Goldion Restaurant building for displays and exhibitions, which raised the profile of the group, and by well-attended week-

end classes to hone member's skills.

The executive members for the next year were elected by acclamation:

- President - Mary Bedford
- Vice President - Harvey Donahue
- Treasurer - Sue Alton
- Secretary - Marjorie Holland

Plans for the next year include a watercolour master class, already fully subscribed, an acrylics workshop and hopefully a stained glass workshop.

Persons interested in joining the group should contact Mary Bedford at (250) 295-6778 for further details.

STRENGTH in our resources

When it comes to water, we're of the same mind

It's important to that we continue to hear the questions and concerns of the community, and we've been reading about what you think in the newspapers over the past few months.

Water is the top of mind issue when it comes to coalbed gas (CBG). As Petrobank has stated before, it is our concern too.

Our people are as mindful about responsibly protecting water in Princeton as we are in all of our operations across western Canada. We, like all Canadians, take this matter seriously. Water is an important public resource we all share.

But, you shouldn't just take our word for it. Water quality is something our industry considers extremely important and it is strictly regulated by the provincial governments.

The provincial government's comprehensive Energy Plan addresses many energy issues in the province including CBG water handling and disposal requirements. It can be downloaded at www.energyplan.gov.bc.ca.

The provincial regulator, the BC Oil and Gas Commission (OGC), also dictates regulations and best practices on CBG and water that must be followed. Information about these regulations and best practices can be found at www.ogc.gov.bc.ca.

The larger CBG industry is represented by the Canadian Society for Unconventional Gas. Many of the best practices its members (including Petrobank) follow are detailed on its website at www.csug.ca.

The government of Alberta has also taken water quality to heart and has developed comprehensive policies on water protection based on independent research. Much of this material can be found at www.waterforlife.gov.ab.ca/coal.

We encourage all people interested in CBG and water to get information from other sources – not just Petrobank or oppositional special interest groups.

We are sharing this information in this ad today, but we will return to Princeton to talk more about this and other issues face to face once Petrobank determines a new proposed CBG evaluation well drilling date.

In the meantime, if you have questions or comments, please contact Petrobank at:

These colourful ladies were all dressed in various shades of pink for the recent 'In The Pink' Ladies Golf Tournament at Princeton Golf Club. A total of 56 golfers participated. - photo submitted

Golfers paint course pink

It was a sea of pink when 56 ladies in various shades ranging from "pastel" to "shocking" played in a fun 9-hole tournament Saturday, September 6th. The "In the Pink" Tournament was once an annual event that was first introduced by Cathie Orser after she had taken part in a similar event while on holiday in the USA. It had been in existence since the days local golfers occupied the old clubhouse, but has not been held since 2001 for lack of an organizer.

This year Muriel Peterson volunteered to take it on and 31 local ladies from Princeton were joined by visiting ladies from Hope (17), Penticton (4) and Oliver (4).

Early morning rain threatened but fortunately mother nature eased off to a few showers which stopped prior to the start of the tournament and it turned out to be a great day.

What makes this fun day different is that most clubs have gone to an eighteen-hole tournament that places more emphasis on competition, while our "In the Pink" attracts the women who like the fun, camaraderie, lower cost entry fee, and the wonderful luncheon Princeton Golf course is known to put on for tournaments.

Some ladies attended just for the fun, knowing they would not be eligible for some of the prizes without the necessary handicap factors required in most tournaments.

Princeton ladies provided coffee, muffins and fruit to start the day, and donated generously of their time to organize and help with the

many functions of a tournament preparing score cards, name tags, registering, selling tickets, donating prizes, flowers, etc.

Helen Rogers was our excellent MC for the event. The senior men had the unenviable job of selecting the best dressed pink lady and best dressed pink cart, provided the air to blow up the balloons, decorated tables, set up the games on the course, and did the scorekeeping. Many thanks to Lloyd Wilson, Larry Evans, Keith Simpson, Al Lambe, Al Deans and Frank Bates who volunteered so generously. It takes many willing hands to put on a successful tournament and all the help was appreciated.

The overall Low Gross winner was Sharleen Anderson (Princeton), and the Overall Low Net winner was Virginia White (Hope). Other winners were as follows:

- Flight One: HCP 0 - 29**
 Low Gross - Jean Trewella (Princeton)
 Low Net - Joan Angstadt (Princeton)
 Long Drive - Jean Trewella (Princeton)
 K.P. - Sharleen Anderson (Princeton)
- Flight 2: HCP 30 - 37**
 Low Gross - Joy Wallace (Princeton)
 Low Net - Linda Bryant (Princeton)
 Long Drive - Alice Wood (Hope)
- Flight 3: HCP 38 - 40**
 Low Gross - Beryl Mullin (Princeton)
 Low Net - Wende Arnett (Oliver)

- Long Drive - Gail Teed (Hope)
 K.P. - Debra Schneider (Hope)
 Best "In the Pink" Lady - Muriel Peterson (Princeton)
 Best Guest "In the Pink" Lady - Joyce Savage (Hope)
 Best dressed cart - Marg Wilson (Princeton)
 Accuracy - Kay Palmer (Princeton)
 Least putts - Sharleen Anderson (Princeton)

Shortest legal drive on #1 was made by Barb Hendry (Hope) and the most putts (24) were made by Diane Field (Hope).

The chip-in/birdie put was divided among seven people with Sharleen Anderson (Princeton) having three of the seven. The 50/50 draw was won by Marg Masson (Princeton).

In addition to the BC Bull Riders Finals held September 13 & 14 in Princeton there were other activities as well. Princeton Rotary Club hosted their popular 'Taste of Ales' which included a Chili Cook Off. *

Princeton Airport was also busy during the September 13 & 14 weekend as the R/C Jets returned for their annual rally. Many participants camped along the runway and flew their planes daily. *

A Ladies Barrel Racing event took place during the BC Bull Riders Finals. Here's Leasa Conley of Oliver rounding her second barrel. Her time of 17.727 seconds was good enough for fourth place. *

Horoscopes

September 17 - 24, 2008

Aries - Your focus remains outward, toward others, and you want to make connections. You have many dealings with the public. Make sure you keep your cool, don't push, be polite.

Taurus - Your major concerns are still health and employment. Good health is essential, and you may have to take some sort of treatment. Guard against colds and flu. Get adequate rest.

Gemini - Children and sports draw your attention these days, and maybe you find too much action in this area. This weekend, keep your temper. Watch out for sports injuries.

Cancer - Home life is too hectic. Your property needs attention, and family matters may escalate. Your best activity now is fall clean-up, indoors and out. Let neighbours solve own problems.

Leo - Your own neighbourhood may be the scene of activity this week. There may be problems. Be sure to communicate in a friendly manner with neighbours and siblings. Chill!

Virgo - Tension can arise between you and a friend or spouse regarding your money. Stay home this weekend for safety reasons. Guard against overspending and impulse buying. Thrift!

Libra - This is a time when you need to give to yourself: time, thought, direction. Energy and ego levels are high. If you need to make a point, you can do it now very well.

Scorpio - You are not at your best this week, and may have a lot of worries. Be cautious about what you say: your comments and jokes can backfire, especially on Friday. Time to look inward.

Sagittarius - Groups you belong to are going to take a lot of your time this week and this weekend, but you can get a lot of fun out of the activity and the people. Beware of conflict.

Capricorn - Problem with a sibling can cause worry or tension. Be sure to stay optimistic. Career matters continue to keep you very busy, but you could have too much on your plate now.

Aquarius - News from a distance could keep your mind very busy, or a visitor from a foreign land could occupy your time. This weekend, be cautious if you travel. Don't spend!

Pisces - Matters concerning life and death will occupy you this week. Unexpected events may affect you personally. Spend time putting accounts, payments, personal obligations in order.

Chicken WITH MANGO CHUTNEY SANDWICH

(NC)—Unsure what to do with leftover cooked chicken breasts? Try this for a great quick and easy dinner sandwich.

Ingredients

- 8 slices Country Harvest +Plus 100% Whole Wheat & Fibre Bread
- 6 oz. (175 g) boneless, skinless, cooked chicken, finely chopped
- 1/2 cup (125 mL) finely diced celery, approx. 2 stalks
- 1/4 cup (60 mL) finely diced red onion
- 1/4 cup (60 mL) finely chopped walnuts
- 1/4 cup (60 mL) mango chutney
- 2 Tbsp. (30 mL) low fat mayo, made with canola oil
- 1 Tbsp. (15 mL) fresh lime juice
- 1 tsp. (5 mL) omega-3 margarine

Preparation

1. Mix together cooked chicken, celery, red onion, walnuts, mango chutney, mayo and lime juice. Can be made up to 2 days in advance and stored covered in fridge.
 2. Evenly spread the margarine over the 2 slices of Country Harvest +Plus.
 3. Scoop out 1/2 cup (125 mL) of the chicken mixture and spread evenly over the bread. Place second slice of bread on top and gently press down. Cut in half. Serve.
 4. Store any remaining filling in the fridge, covered for up to 2 days.
- Makes enough filling for 4 sandwiches 4 - 1/2 cup (125 mL) sandwich filling portions

CARTER'S Sudoku Challenge

CREATED FOR THE NEWS LEADER BY CARTER BOSWELL

HOW TO PLAY:

Sudoku is a game of logic. There is no math involved. The object of the game is to fill the grid so that the numbers 1 through 9 appear only once in each row, column and 3 x 3 box. The numbers can appear in any order and Carter has left you some clues below.

my turn

Is ten digit dialing working for you?

I have to admit I was wrong about the 250 thing.

You know, where every call you make on your phone now won't be completed unless you dial 250 before the rest of the numbers.

At first I thought it was going to be a real pain in the butt, but after hearing that silly automated message scolding me for not dialing all ten about a dozen times while trying to call someone next door or just down the street, I changed my habits pretty quickly.

I suppose if the automated voice reminding me I was not getting with the program wasn't so - ah, automated I'd probably have kept screwing up but since Telus was wise enough to use a voice that is so annoying to hear I suddenly reformed.

But I have to ask what good is dialing ten digits instead of seven?

I know it's because we're running out of phone numbers and I think there would have been a far easier way to deal with the situation years ago which would have prevented the need for 250 and 778.

Yep, I'm talking about the days when BC was just known in long distance circles as 604.

There should have been one and two digit 'city codes' added to the 604 and we wouldn't have needed the extra area codes, but who would have imagined back then that cell phones would end up taking away most of the available phone numbers?

I have had a toll free number to my residence for years. It was originally to allow one of us to call home from any phone, mostly pay phones, without having to either call collect, hunt for change or punch in fifteen digits of a calling card. It was a simple solution we still use.

But having to dial ten digits we didn't really see coming. At least not for calls in the same neighbourhood.

I miss the days when I lived in Penticton and you only had to dial five digits to call your neighbour. Dialing ten digits takes twice the time than it did then to make a call.

And still many of us haven't quite figured the program out.

I swear I have had more wrong numbers at home, work and even on my cell phone since everyone had to dial ten digits.

So I'm not convinced it's improved anything, yet it has proved to me it's not the best system - although it beats tin cans and string, party lines and radio phones.

Maybe the ten digit rule was meant as a deterrent to drunk dialing. It's got to be harder to remember ten digits when you're plastered than it was to remember seven.

Which may have something to do with all the wrong numbers I've been getting lately.

Mayor sends a progress report

To The Editor;

Here is a progress report on what your Town Council has been doing.

As you may be aware council put out tenders for our town square project and they came in considerably over our budget. We cancelled that tender and have proceeded with the municipality taking over as general contractor and local tradesmen being asked to help bring the project in at our level of funding.

Dave Woodruff, a so-called 'retired' electrical contractor with extensive experience on major projects in the lower mainland has agreed to oversee the project. We have received estimates from local contractors that reassure us that we can bring the project in on budget with very little alteration from the originally engineered concept.

Lyle Thomas from municipal staff has been assigned to the project and will coordinate what time our town crew will be able to commit. Lyle describes how the project will be divided into two phases with the north side of Vermilion Avenue as Phase 1, which is already underway and which we hope will be completed before winter. That will

leave the cenotaph area available for Remembrance Day with work beginning in the spring, council is confident we can complete the entire project prior to the busy summer.

We removed one tree in order to reconstruct the street, all the rest will stay. In the neighbourhood of six new trees will be added in the new concept.

-We are still waiting for clearance on our water project. Brenda Gould, local archeologist with USIB has been very helpful in moving things along, however, we continue to have government bureaucratic difficulties and this is quite frustrating when we are as anxious as the construction firm to proceed. We are intent on accomplishing as much as possible prior to freeze up.

We have been granted the ability to access the entire grant for the airport fuel system, which will enable us to construct a terminal building. That building will incorporate an office, washrooms, shower and an area for pilots to make arrangements for overnight motel accommodations if they so desire. A courtesy car, kindly donated by "Airport Dave" Woodruff is

already on hand for pilots who need access to downtown. We are currently seeking prices for the buildings' foundation which we will be beginning without delay.

Together with Councillor Manion, I met with Copper Mountain Mining President Jim O'Rourke, who continues to be cautiously optimistic about the reopening of the mine. The permitting of the property continues to fall into place and the feasibility study was very positive which left the remaining issue of financing as the prime concern.

Jim was happy to relay that financing discussions are progressing and there is a good possibility that within the next month much more will be understood. He also met with our Administrator Patrick Robins, to begin to explore the availability of property for a housing development and rental accommodation within the community. Jim would no doubt say that there is still a long way to go but to me things seem to be progressing very well.

The aquatic centre design estimate has been completed by the consultants and is now in front of the municipality and Regional District financial departments in order to project the tax increase for residents and businesses so that everyone can make an informed decision when a referendum is put forward sometime in the new year.

Finally, I wish to thank those people who relayed get well thoughts following my attempt to fly off our cabin loft, it really was a comfort in the face of my carelessness.

Current Comment:

Why I love and hate autumn

Dawn Johnson
editor@thenewsleader.ca

I always say fall is my favourite season, and this is true, but I have a love/hate relationship with autumn. I wonder how many people feel as I do about this season.

First, I love the bountiful harvests of so many good things to eat.

I still grow a big garden and I still put a lot of stuff away for winter, one way or another. I take delight in the harvest from my own garden, and from the harvest of all kinds of crops. We live in a bountiful valley, and the abundance of our valley always gives me a warm sense of summer's promise fulfilled.

I love the colours of autumn, the golden cottonwood trees, the reds

and rusts of red willow and maple bush, and the dazzling reds and orange of sumac. I love the pinky orange of quaking asp, and I love the bearded flowers of coyote vine.

The gold of sage and rabbit brush in among the dried grass of autumn is like a bright light on a dull day. Goldenrod along the river seems to shine brightly in the sunlight.

I love the smoky blue of the forested hills and the pink/purple of those same forests in first light.

I love the gentle mists of autumn mornings, mists that disappear as the sun climbs the sky.

I love the colour of the river bottom in autumn, and the intense blue of the lakes.

Those are all the good things about autumn, but there are the things I really hate.

I hate to see the geese flying south, signalling the southbound flight of so many birds. I miss them when they are gone.

In summer, I sit on my back steps with my first cup of coffee of the day, but one day comes when it is too cold to sit there and savour the day. I hate that day.

I rise early, and I hate leaving my bed in the dark and waiting an hour or more for daylight. I

hate the darkness of winter even more than I hate the cold. I can dress for the cold, but I can't make the sun shine longer.

I hate autumn rains. There is nothing more miserable, in my opinion, than that cold November rain. The cold dampness seems to penetrate everything. Worse still, it falls on a grey world of bare trees and dead leaves. At least snow brightens the world.

I hate having to start scraping ice off my windshield, and I hate having to put on a coat to walk the dog before bedtime.

Autumn is like so much of life: it's a mixed blessing, and it is the season when we count our blessings.

Find yourself a hottie!

Although final figures will not be available for at least another week or two, Princeton Rodeo Club has indicated a large crowd on Saturday which stayed to participate in the evening bar-be-que added to the revenue.

The partnering with Princeton Rotary Club to host their annual 'Taste of Ales' along with the Bull Riders Finals was also viewed as a huge plus for spectators looking for something to do between the end of the first day of bullriding and the start of the bar-be-que.

Princeton 4-H Club did well over the weekend assisting with the concession stand and conducting other fundraising activities on the grounds.

All indications are pointing towards Princeton becoming the new home of the BC Professional Bull Riders Finals for at least the next five years.

A member of the Cariboo Cowgirls Drill Team performs during the Grand Entry of the BC Bull Riders Finals Saturday, September 13th. The girls also performed during the intermission. *

Official Community Plan and Zoning Bylaw Electoral Areas 'A', 'C', 'D', 'E', 'F', 'G', and 'H'

This is a bylaw repeal and re-enactment process for all Official Community Plan, Zoning and Rural Land Use Bylaws currently enacted within the Regional District

NOTICE OF PUBLIC HEARING:
Thursday, October 2, 2008 - 11:00 AM
RDOS Boardroom
101 Martin Street, Penticton, BC

PURPOSE:

The intent behind the repeal and re-enactment of all Official Community Plan Bylaws, Zoning Bylaws and Rural Land Use Bylaws enacted within the Regional District is in order to make the bylaws more accessible to the general public by facilitating ease of use and to ensure that the policies, guidelines, and regulations contained in the bylaws have been validly enacted and are enforceable.

The process of making the bylaws more accessible to the general public has involved the consolidation of "general regulations" under a single section of the zoning bylaws; the standardization of the general layout applied to the bylaws; the updating of references to Provincial ministries and agencies (many of which have been renamed or reconstituted); the standardization of the layout of the provisions relating to each individual zone; the standardization of how site specific amendments are introduced; the creation of a uniform list of zones (without altering the list of permitted uses in each zone); and, where appropriate, the standardization and update of definitions found in each of the zoning bylaws. Other minor updating and modernizing revisions to the bylaws are so extensive that they cannot all be listed in this notice. The public is encouraged to view or obtain copies of the bylaws at the address or web site set out below.

The Official Community Plan, Zoning and Rural Land Use Bylaws currently enacted by the Regional District contain provisions that may be or are invalid on the basis that they have no legal authority or were enacted with a procedural defect in the final adoption process. In particular, the Regional District has determined that a number of amendment bylaws to the current Official Community Plan, Zoning and Rural Land Use Bylaws, while having been the subject of sufficient public hearing processes, were deficient in the final adoption process (i.e., the amendment bylaws did not receive necessary provincial approvals). The process of ensuring that the policies, guidelines, and regulations contained in the bylaws have been validly enacted and are enforceable has involved the Regional District reviewing the bylaws and deleting provisions having no legal authority and ensuring that the procedure followed by the Regional District in the adoption of the revised bylaws.

Due to legislative changes enacted in 2001, the Rural Land Use Bylaws currently found in Electoral Area 'F' (Okanagan Lake West/West Bench) and Electoral Area 'H' (Princeton Rural) cannot be carried forward and will be replaced with consistent Official Community Plan and Zoning Bylaws.

BYLAWS:

The Bylaws that will be considered at the Public Hearing:

Bylaw No. 2450, 2008 Electoral Area 'A' Official Community Plan Bylaw;
Bylaw No. 2451, 2008 Electoral Area 'A' Zoning Bylaw;
Bylaw No. 2452, 2008 Electoral Area 'C' Official Community Plan Bylaw;
Bylaw No. 2453, 2008 Electoral Area 'C' Zoning Bylaw;
Bylaw No. 2454, 2008 Electoral Area 'D-2' East Skaha, Vaseux Official Community Plan Bylaw;
Bylaw No. 2455, 2008 Electoral Area 'D-2' East Skaha, Vaseux Zoning Bylaw;
Bylaw No. 2456, 2008 Electoral Area 'D-1' Kaleden-Apex Southwest Sector Official Community Plan Bylaw;
Bylaw No. 2457, 2008 Electoral Area 'D-1' Kaleden-Apex Southwest Sector Zoning Bylaw;
Bylaw No. 2458, 2008 Electoral Area 'E' Official Community Plan Bylaw;
Bylaw No. 2459, 2008 Electoral Area 'E' Zoning Bylaw;
Bylaw No. 2460, 2008 Electoral Area 'F' Official Community Plan Bylaw;
Bylaw No. 2461, 2008 Electoral Area 'F' Zoning Bylaw;
