

**FEKETE,
PIROSKA**

*January 16, 1940 -
September 8, 2015*

It is with great sadness to announce the passing of our dear mom Piroška (Perry) Fekete. Mom's journey started in Kemece, Hungary. A small farming community.

Instead of marrying she decided school was best. She completed her RN program at a school of nursing in Budapest. Perry married her husband Istvan (Steve) Fekete in Budapest and courageously moved to Canada without knowing any english. Leaving behind a large number of close family members that were greatly missed. Perry moved to the big city of Vancouver, B.C. where she had started her own family. They eventually settled in the small town of Princeton, B.C. where she worked as an L.P.N. at Princeton General Hospital. She made a new family here and some life long friends.

While residing here in Kelowna, B.C. she did what she loved best. Her biggest achievement were her grandchildren. 'Children are often spoiled because no one will spank Grandma'. Perry is survived by her children Andrea (Mario) Vucinovic, Barbara (John) Leinemann, and Stephen Fekete; grandchildren Leyland Vucinovic, Amelia Vucinovic, Jakob Leinemann, Jonah Leinemann (pre-deceased 2006), and Jay Leinemann. An appreciation goes out to Vladka and Darko Vucinovic who helped get our mom to some of her appointments. Perry touched the hearts of many including William and Daniel Low (grandchildren to Vladka and Darko). A huge thank you to all the doctors and nurses that cared for our mom through this final chapter of her journey. From the cancer clinic to the kind doctors and helpful nurses on 6west. A special thank you to Anne Malone and Kay Garton who were more than willing to do the night shift and spend the final moments with our mom.

In lieu of flowers please consider a small donation to the KGH foundation, child care fund in her name (Piroška Fekete).
